HR 1437	S 934	To amend the Harmonized Tariff Schedule of the United States to make a technical correction relating to stainless steel single-piece exhaust gas manifolds.	Thompson (PA)	Technical Correction & Reliquidation	No Objection	No objection from domestic producer of a like or competing product.
HR 1467	S 682	To provide for reliquidation of certain entries of medium density fiberboard.	Thompson (PA)	Reliquidation	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 1503		To suspend temporarily the duty on certain hydrogenated polymers of norbornene derivatives.	Yarmuth	Suspension	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 1615		To suspend temporarily the duty on Gallium metal.	Himes	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 2039	S 2423	To suspend temporarily the duty on nightlights of plastic.	Israel	Suspension	No Objection	No domestic production of a like or competing product.
HR 2626	S 2804	To suspend temporarily the duty on certain high-performance loudspeakers.	Markey	Suspension	Objection	Domestic production of a like or competing product.
HR 2627	S 2805	To suspend temporarily the duty certain electrical transformers rated at 40A.	Markey	Suspension	Objection	Domestic production of a like or competing product.
HR 2804	S 2791	To suspend temporarily the duty on stannic oxide.	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 2813		To impose tariff-rate quotas on certain casein and milk protein concentrates.	Welch	Other	Objection	Inconsistent with multilateral trade obligations.
HR 3621	S 2422	To suspend temporarily the duty on certain adjustable metal lighting fixtures.	Israel	Suspension	Objection	Domestic production of a like or competing product.
HR 3917	S 3119	To extend temporarily the suspension of duty on Disperse Red 60.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3918	S 3118	To extend temporarily the suspension of duty on Disperse Yellow 64.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3919	S 3117	To extend temporarily the suspension of duty on Vat Blue 66.	Watt	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 3920		To extend temporarily the suspension of duty on Acid Black 172.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3921		To extend temporarily the suspension of duty on Reactive Blue 224.	Watt	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 3922	S 3112	To extend the temporary suspension of duty on Cuprate (4-).	Watt	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 3923	S 3107	To suspend temporarily the duty on certain other made up articles.	Watt	Suspension	Objection	Domestic production of a like or competing product.
HR 3924		To extend temporarily the suspension of duty on Reactive Yellow 27.	Watt	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 3925	S 3110	To extend temporarily the suspension of duty on Disperse Blue 77.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3926		To suspend temporarily the duty on other knitted or crocheted fabrics, of cotton, dyed, other, of single knit construction.	Watt	Suspension	Objection	Domestic production of a like or competing product.
HR 3927		To extend temporarily the suspension of duty on Solvent Yellow 163.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3928		To suspend temporarily the duty on 1H-Xantheno.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3929		To extend temporarily the suspension of duty on Reactive Red 123.	Watt	Extension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 3931	S 3108, HR 3961	To suspend temporarily the duty on Disperse Blue 284.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3932		To extend temporarily the suspension of duty on Reactive Red 198.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3933	S 3104	To extend temporarily the suspension of duty on Acid Blue 324.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3934		To suspend temporarily the duty on Acid Yellow 151.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3935		To extend temporarily the suspension of duty on Acid Blue 221.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3936		To suspend temporarily the duty on Acid Yellow 137.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3937		To extend temporarily the suspension of duty on Acid Yellow 230.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3938		To extend temporarily the suspension of duty on Acid Red 414.	Watt	Extension	No Objection	No domestic production of a like or competing product.
HR 3939		To suspend temporarily the duty on mixtures of Disperse Red 367.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3940	S 3100	To suspend temporarily the duty on Reduced Vat Blue 1.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3941		To suspend temporarily the duty on Acid Red 278.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3942	S 3116	To suspend temporarily the duty on Direct Red 84.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3943	S 3115	To suspend temporarily the duty on Acetic acid.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3944		To suspend temporarily the duty on Acid Yellow 79.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3945	S 3114, HR 4757	To suspend temporarily the duty on Acid Blue 171.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3946	S 3113	To suspend temporarily the duty on Reactive Blue 19.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3947		To suspend temporarily the duty on Disperse Yellow 184:1.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3948	S 3111	To suspend temporarily the duty on Acid Red 182.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3949		To suspend temporarily the duty on mixtures of (3-Pyridinecarbonitrile, 5-[(2-cyano-4-nitrophenyl)diazenyl]-2-[[2-(2-hydroxyethoxy)ethyl]amino]-4-methyl-6-(phenylamino)-) and (3-Pyridinecarbonitrile, 5-[(2-cyano-4nitrophenyl)diazenyl]-6-[[2-(2-hydroxyethoxy)ethyl]amino]-4-methyl-2-(phenylamino)-).	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3950	S 3109	To suspend temporarily the duty on Direct Green 91.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3951		To suspend temporarily the duty on Disperse Red 159.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3952		To suspend temporarily the duty on Reactive Red 122.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3953	S 3105	To suspend temporarily the duty on mixtures of Cobaltate(2-) and Cobaltate (3-).	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3954		To suspend temporarily the duty on Disperse Red 311.	Watt	Suspension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 3955		To suspend temporarily the duty on Reactive Blue 187.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3956		To suspend temporarily the duty on Disperse Yellow 71.	Watt	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 3957	S 3103	To suspend temporarily the duty on mixtures of Acid Black 244, (Chromate(2-), (Cobaltate(1-), and (Chromate(1-)).	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3958		To suspend temporarily the duty on Acid Blue 284.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3959		To suspend temporarily the duty on Basic Blue 94:1.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3960		To suspend temporarily the duty on Disperse Orange 288.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3962		To suspend temporarily the duty on Disperse Blue 56.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3963		To suspend temporarily the duty on Acid Blue 264.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3964		To suspend temporarily the duty on mixtures of (9,10-Anthracenedione, 1,5-diamino-4,8-dihydroxy(4-hydroxyphenyl)-) and (9,10-Anthracenedione, 1,5-diamino-4,8-dihydroxy(4-methoxyphenyl)-).	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3965		To suspend temporarily the duty on Acid Red 426.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3966	S 3102	To suspend temporarily the duty on mixtures of Reactive Blue 250 and Reactive Black 5.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3967		To suspend temporarily the duty on mixtures of Reactive Black 5, Benzenesulfonic acid, and 1-Naphthalenesulfonic acid.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3968	S 3101	To suspend temporarily the duty on mixtures of Disperse Red 367, Benzo, and Acetic acid.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3969		To suspend temporarily the duty on mixtures of Disperse Blue 77.	Watt	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 3970		To suspend temporarily the duty on mixtures of Reactive Red 198 and Reactive Red 239.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3971		To suspend temporarily the duty on mixtures of Reactive Blue 19.	Watt	Suspension	No Objection	No domestic production of a like or competing product.
HR 3972		To suspend temporarily the duty on certain woven fabrics of cotton.	Watt	Suspension	Objection	Domestic production of a like or competing product.
HR 4354		To extend the temporary reduction of duty on 4-Propylbenzaldehyde.	Mulvaney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4355		To suspend temporarily the duty on quinaldine.	Mulvaney	Suspension	No Objection	No domestic production of a like or competing product.
HR 4356		To suspend temporarily the duty on Leucoquinizarin.	Mulvaney	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4357		To suspend temporarily the duty on 1-Nitroanthraquinone.	Mulvaney	Suspension	No Objection	No domestic production of a like or competing product.
HR 4358	HR 5571	To extend the temporary reduction of duty on 2-Methyl-5-nitrobenzenesulfonic acid.	Mulvaney	Extension	No Objection	No domestic production of a like or competing product.
HR 4359	HR 4964, HR 5211	To suspend temporarily the duty on Benzenesulfonyl chloride.	Mulvaney	Suspension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 4380		To suspend temporarily the duty on capacitor grade homopolymer polypropylene resin in primary form.	Young	Suspension	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 4392	S 2586	To extend the temporary suspension of duty on subassemblies for instruments or apparatus for measuring or checking electrical quantities.	Honda	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 4393	S 2555	To extend the temporary suspension of duty on parts or accessories of instruments or apparatus for measuring or checking electrical quantities.	Honda	Extension	No Objection	No domestic production of a like or competing product.
HR 4410	HR 4552, S 3097	To extend the temporary reduction of duty on acrylic or modacrylic staple fibers.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4411	HR 4551, S 3156	To extend the temporary reduction of duty on certain polyacrylonitrile tow.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4412	S 3095	To extend temporarily the reduction of duty on certain dyed acrylic staple fibers.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4413	S 3096	To extend temporarily the reduction of duty on certain undyed acrylic staple fibers.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4414	S 3094	To extend temporarily the reduction of duty on certain dyed polyacrylonitrile staple.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4415	S 3093	To extend temporarily the reduction of duty on certain undyed polyacrylonitrile staple.	Bishop (GA)	Extension	No Objection	No domestic production of a like or competing product.
HR 4416	S 3159	To suspend temporarily the duty on certain acrylic filament tow.	Bishop (GA)	Suspension	No Objection	No domestic production of a like or competing product.
HR 4417	S 3157	To suspend temporarily the duty on certain acrylic filament tow.	Bishop (GA)	Suspension	No Objection	No domestic production of a like or competing product.
HR 4418	S 3158	To suspend temporarily the duty on certain acrylic staple fibers.	Bishop (GA)	Suspension	No Objection	No domestic production of a like or competing product.
HR 4419	S 3155	To suspend temporarily the duty on certain acrylic filament tow.	Bishop (GA)	Suspension	No Objection	No domestic production of a like or competing product.
HR 4420	S 3154	To suspend temporarily the duty on certain acrylic filament tow.	Bishop (GA)	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4422	HR 4603, S 2592, S 3089	To extend the temporary suspension of duty on certain staple fibers of viscose rayon.	Carney	Extension	No Objection	No domestic production of a like or competing product.
HR 4423	S 2604	To suspend temporarily the duty on cyan 854 inkjet printing ink.	Carney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4424	S 2605	To suspend temporarily the duty on cyan 1 RO inkjet printing ink.	Carney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4425	S 2606	To suspend temporarily the duty on black 661 inkjet printing ink.	Carney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4426	S 2607	To suspend temporarily the duty on black 820 inkjet printing ink.	Carney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4427	S 2611	To extend the temporary suspension of duty on Phenyl (4,6-dimethoxy-pyrimidin-2-yl) carbamate.	Carney	Extension	No Objection	No domestic production of a like or competing product.
HR 4428	S 2612	To extend the temporary suspension of duty on certain mixtures of methyl 2-[[[[[4-(dimethylamino) 6-(2,2,2-trifluoroethoxy)-1,3,5- triazin-2-yl]amino]carbonyl]amino]-sulfonyl]-3-methylbenzoate.	Carney	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4429	S 2591	To temporarily suspend the duty on certain lamps used in liquid chromatographs or spectrophotometry.	Carney	Suspension	No Objection	No domestic production of a like or competing product.

HR 4430	S 2613	To extend the temporary reduction of duty on Pyriithiobac-sodium.	Carney	Extension	No Objection	No domestic production of a like or competing product.
HR 4431	S 2614	To extend the temporary suspension of duty on Ethyl 2-(Isocyanatosulfonyl)benzoate.	Carney	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4432	S 2601	To extend temporarily the suspension of duty on Flutolanil.	Carney	Extension	No Objection	No domestic production of a like or competing product.
HR 4433	S 2602	To suspend temporarily the duty on Buprofezin.	Carney	Suspension	No Objection	No domestic production of a like or competing product.
HR 4434	S 2600	To suspend temporarily the duty on Pyraflufen-ethyl.	Carney	Suspension	No Objection	No domestic production of a like or competing product.
HR 4435	S 2596	To extend the suspension of duty on Triasulfuron.	Carney	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 4436	HR 4788, HR 5242, S 2595, S 2868, S 2684	To extend the suspension of duty on Phosphoric acid.	Carney	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4437	S 2594	To reduce temporarily the duty on Thiamethoxam.	Carney	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4438	S 2593	To extend the suspension of duty on trifloxysulfuron-sodium.	Carney	Extension	No Objection	No domestic production of a like or competing product.
HR 4439	S 2599	To suspend temporarily the duty on Fenpyroximate.	Carney	Suspension	No Objection	No domestic production of a like or competing product.
HR 4441	S 2526	To suspend temporarily the rate of duty on Triflic Anhydride.	Cassidy	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4442	S 2527	To suspend temporarily the rate of duty on Triflic acid.	Cassidy	Suspension	No Objection	No domestic production of a like or competing product.
HR 4445		To extend the temporary suspension of duty on certain acrylic staple fibers.	Coble	Extension	No Objection	No domestic production of a like or competing product.
HR 4446		To extend the temporary suspension of duty on certain modacrylic staple fibers.	Coble	Extension	No Objection	No domestic production of a like or competing product.
HR 4447		To extend the temporary suspension of duty on certain acrylic staple fibers.	Coble	Extension	No Objection	No domestic production of a like or competing product.
HR 4448		To extend the temporary suspension of duty on certain acrylic staple fibers.	Coble	Extension	No Objection	No domestic production of a like or competing product.
HR 4449		To extend the temporary suspension of duty on certain acrylic staple fibers.	Coble	Extension	No Objection	No domestic production of a like or competing product.
HR 4450		To suspend temporarily the duty on certain acrylic staple fibers.	Coble	Suspension	No Objection	No domestic production of a like or competing product.
HR 4451		To suspend temporarily the duty on certain acrylic staple fibers.	Coble	Suspension	No Objection	No domestic production of a like or competing product.
HR 4452		To suspend temporarily the duty on certain acrylic staple fibers.	Coble	Suspension	No Objection	No domestic production of a like or competing product.
HR 4453		To suspend temporarily the duty on certain acrylic staple fibers.	Coble	Suspension	No Objection	No domestic production of a like or competing product.
HR 4455	S 2560	To extend the temporary suspension of duty on certain bags for toys.	Higgins	Extension	No Objection	No domestic production of a like or competing product.
HR 4459	S 2725	To suspend temporarily the duty on Thidiazuron.	Luetkemeyer	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4460	S 3135	To extend the suspension of duty on Fenamidone.	Luetkemeyer	Extension	No Objection	No domestic production of a like or competing product.
HR 4461	S 2702	To extend the suspension of duty on Spirodiclofen.	Luetkemeyer	Extension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 4462	S 3137	To extend the suspension of duty on 2,4-dichloroaniline.	Luetkemeyer	Extension	No Objection	No domestic production of a like or competing product.
HR 4463	S 2723	To suspend temporarily the duty on Thiacloprid.	Luetkemeyer	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4464	S 2700	To extend the suspension of duty on Pyrimethanil.	Luetkemeyer	Extension	No Objection	No domestic production of a like or competing product.
HR 4465		To suspend temporarily the duty on Pyrasulfotole.	Luetkemeyer	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4466	S 2704	To suspend temporarily the duty on Fosetyl-Al.	Luetkemeyer	Extension & Modification	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4473	S 2525	To extend and modify the temporary reduction of duty on Mesotrione.	Cassidy	Extension	No Objection	No domestic production of a like or competing product.
HR 4474	S 2519	To reduce temporarily the rate of duty on s-Metolachlor.	Cassidy	Reduction	No Objection	No domestic production of a like or competing product.
HR 4475	S 2524	To extend and modify the temporary reduction of duty on DEMBB.	Cassidy	Extension	No Objection	No domestic production of a like or competing product.
HR 4476		To extend and modify the temporary reduction of duty on Prodiamine.	Cassidy	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 4477	S 2522	To extend the temporary suspension of duty on Onitrophenol.	Cassidy	Extension	No Objection	No domestic production of a like or competing product.
HR 4478	S 2633	To extend and modify the temporary reduction of duty on Pinoxaden.	Cassidy	Extension	No Objection	No domestic production of a like or competing product.
HR 4479	S 2626	To suspend temporarily the duty on Clodinafop.	Cassidy	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 4486		To suspend temporarily the duty on polypropylene fiber with tow bundles comprised of 300,000 to 400,000 individual filaments.	Manzullo	Suspension	Objection	Domestic production of a like or competing product.
HR 4487		To suspend temporarily the duty on polyester fiber with tow bundles comprised of 300,000 to 400,000 individual filaments.	Manzullo	Suspension	Objection	Domestic production of a like or competing product.
HR 4489		To suspend temporarily the rate of duty on 2-Methyl-2-(methylthio)propanal O-(N-methylcarbamoyl)oxime.	Biggert	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 4490		To extend the temporary suspension of duty on 2-Methyl-4-chlorophenoxy-acetic acid, dimethylamine salt.	Biggert	Extension	No Objection	No domestic production of a like or competing product.
HR 4491		To extend the temporary suspension of duty on 4-(2,4-dichlorophenoxy) butyric acid and 4-(2,4-dichlorophenoxy) butyric acid, dimethylamine salt.	Biggert	Extension	No Objection	No domestic production of a like or competing product.
HR 4492		To extend the temporary suspension of duty on MCPB Acid and MCPB Sodium Salt.	Biggert	Extension	No Objection	No domestic production of a like or competing product.
HR 4493		To extend the temporary suspension of duty on Bromoxynil Octanoate.	Biggert	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 4494		To extend the temporary suspension of duty on triphenyltin hydroxide.	Biggert	Extension	No Objection	No domestic production of a like or competing product.
HR 4495		To extend the temporary suspension of duty on dichlorprop-p acid, dichlorprop-p dimethylamine salt, and dichlorprop-p 2-ethylhexyl ester.	Biggert	Extension	No Objection	No domestic production of a like or competing product.

HR 5038		To suspend temporarily the duty on chocolate confectionery products filled with caramel or sugar-based paste imported in bulk quantities but ready for consumption in their condition as imported.	Dent	Suspension	Objection	Enactment would undermine existing U.S. trade preferences.
HR 5039	S 2729	To suspend temporarily the duty on Triethylenediamine.	Dent	Suspension	No Objection	No domestic production of a like or competing product.
HR 5040	S 2740	To extend the suspension of duty on certain mixtures of alkene polymers.	Dent	Extension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5041	S 2738	To extend the suspension of duty on mixtures of formaldehyde polymers with aniline and with 4.4'-methylendianiline.	Dent	Extension	No Objection if rewritten	No objection from domestic producer of a like or competing product. See Administration's Technical Comment.
HR 5042	S 2727	To suspend temporarily the duty on Ancamine 2432.	Dent	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 5043	S 2675	To suspend temporarily the duty on Ancamine 2422.	Dent	Suspension	No Objection	No domestic production of a like or competing product.
HR 5045		To suspend temporarily the duty on certain coffee brewers with milk frothing capacity.	Deutch	Suspension	No Objection	No domestic production of a like or competing product.
HR 5047		To extend the temporary suspension of duty on certain manufacturing equipment.	Duncan (SC)	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5048		To extend the temporary suspension of duty on certain manufacturing equipment.	Duncan (SC)	Extension	Objection	Domestic production of a like or competing product.
HR 5049		To suspend temporarily the duty on certain sector molds and tooling.	Duncan	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5051	S 2814	To extend the temporary suspension of duty on certain synthetic filament yarns.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5052	S 2815	To extend the temporary suspension of duty on certain untwisted filament yarns.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5053	S 2826	To extend the suspension of duty on Basic Red 1.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5054	S 2821	To extend the suspension of duty on Acetoacetyl-2,5-dimethoxy-4-chloroanilide.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5055	S 2823	To extend the suspension of duty on 3-Amino-4-methylbenzamide.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5056	S 2824	To extend the suspension of duty on Basic Blue 7.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5057	S 2829	To extend the suspension of duty on 5-Chloro-3-hydroxy-2-methyl-2-naphthanilide.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5058	S 2827	To extend the suspension of duty on Basic Violet 1.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5059	S 2828	To extend the suspension of duty on 5-Chloro-3-hydroxy-2-methoxy-2-naphthanilide.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5060	S 2822	To extend the suspension of duty on p-Aminobenzamide (4-aminobenzamide).	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5061	S 2825	To extend the suspension of duty on Basic Red 1:1.	Frank	Extension	No Objection	No domestic production of a like or competing product.
HR 5062	HR 4931, S 2830	To extend and modify the temporary reduction of duty on 3,3N Dichlorobenzidine dihydrochloride.	Frank	Extension & Modification	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5063		To extend the suspension of duty on certain organic pigments and dyes.	Frelinghuysen	Extension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 5064		To extend the suspension of duty on 4-Hexylresorcinol.	Frelinghuysen	Extension	No Objection	No domestic production of a like or competing product.
HR 5065	S 2898	To suspend temporarily the duty on Hexadecyl.	Frelinghuysen	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5066	S 2886	To suspend temporarily the duty on 3-Amino-1,2-propanediol.	Frelinghuysen	Suspension	No Objection	No domestic production of a like or competing product.
HR 5067		To suspend temporarily the duty on 2-phenyl-1H-benzimidazole-5-sulfonic acid.	Frelinghuysen	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5068	S 2903	To suspend temporarily the duty on 2-ethylhexyl salicylate.	Frelinghuysen	Suspension	No Objection if rewritten	No objection from domestic producer of a like or competing product. See Administration's Technical Comment.
HR 5069	S 2557	To extend the temporary reduction of duty on artichokes, prepared or preserved by vinegar or acetic acid.	Frelinghuysen	Extension	No Objection	No domestic production of a like or competing product.
HR 5070	S 2558	To extend the temporary reduction of duty on artichokes, prepared or preserved otherwise than by vinegar or acetic acid, not frozen.	Frelinghuysen	Extension	No Objection	No domestic production of a like or competing product.
HR 5071	S 2556	To extend the temporary suspension of duty on oysters (other than smoked), prepared or preserved.	Frelinghuysen	Extension	No Objection	No domestic production of a like or competing product.
HR 5072		To suspend temporarily the duty on 1,3-Isobenzofurandione, 5,5'-sulfonylbis-, polymer with 4,4'-methylenebis[2,6-dimethylbenzenamine].	Frelinghuysen	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5073	S 2655	To extend the suspension of duty on styrene, ar-ethyl-, polymer with divinylbenzene and styrene beads having low ash content and specifically manufactured for use as a specialty filler in lost wax mold casting applications in a variety of other specialty filler applications.	Gerlach	Extension	No Objection	No domestic production of a like or competing product.
HR 5075	S 2735	To extend the temporary suspension of duty on helium.	Gerlach	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5076	S 2683	To suspend temporarily the duty on ion-exchange resin of Benzene, diethenyl, polymer with ethenylbenzene and ethenylethylbenzene, chloromethylated, trimethylaminoquaternized.	Gerlach	Suspension	No Objection	No domestic production of a like or competing product.
HR 5078	S 2774	To suspend temporarily the duty on Acephate formulation.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5079	S 2777	To extend the temporary suspension of duty on asulam sodium salt and mixed application adjuvants.	Gerlach	Extension	No Objection	No domestic production of a like or competing product.
HR 5080	S 2682	To suspend temporarily the duty on Strong Base Anionic Resin.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5081	S 2658	To suspend temporarily the duty on ion-exchange resin-Methanamine, N Methyl reaction products with chloromethylated divinylbenzene-styrene polymer.	Gerlach	Suspension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 5082	S 2653	To suspend temporarily the duty on ion-exchange resin and adsorbent.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5083	S 2657	To extend the suspension of duty on macroporous ion-exchange resin comprising a copolymer of styrene crosslinked with divinylbenzene, thiol functionalized.	Gerlach	Extension	No Objection	No domestic production of a like or competing product.
HR 5087	S 2736	To suspend temporarily the rate of duty on 5(1,1-Dimethylheptyl) Resorcinol.	Gerlach	Suspension	No Objection	No domestic production of a like or competing product.
HR 5088	S 2734	To suspend temporarily the rate of duty on 4-Bromobenzyl Bromide.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5089	S 2671	To suspend temporarily the rate of duty on 1-(2-ChloroEthyl)-4-Ethyl-1,4-dihydro-5H-Tetrazol-5-one.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5090	S 2672	To suspend temporarily the rate of duty on 1,1-Cyclobutanedicarboxylic acid.	Gerlach	Suspension	No Objection	No domestic production of a like or competing product.
HR 5091	S 2676	To suspend temporarily the rate of duty on 2-butyl-5-chloro-3H-imidazole-4-carbaldehyde.	Gerlach	Suspension	No Objection	No domestic production of a like or competing product.
HR 5092	S 2728	To suspend temporarily the rate of duty on Phenyl-2-Pyridyl Acetamide.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5093	S 2730	To suspend temporarily the rate of duty on alpha-threo Phenyl-2-piperidyl acetamide.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5094		To reduce temporarily the duty on certain AC electric motors of an output exceeding 74.6 W equipped with a capacitor rated not over 4 microfarads.	Gerlach	Reduction	No Objection	No objection from domestic producer of a like or competing product.
HR 5095		To extend the temporary suspension of duty on AC electric motors of an output exceeding 74.6 W but not exceeding 85 W.	Gerlach	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5096	S 2677	To suspend temporarily the rate of duty on 1-Benzyl-4-phenyl-4-piperidine carboxylic acid ethyl ester HCl.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5097	S 2674	To suspend temporarily the rate of duty on N-[(4-methoxymethyl)-1- phenylmethyl-4-piperidiny]N-phenylpropanamide-ethanedioate.	Gerlach	Suspension	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 5098		To renew the temporary suspension of duty on AC electric motors of an output exceeding 74.6 W but not exceeding 95 W.	Gerlach	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5099		To reduce temporarily the duty on certain AC electric motors of an output exceeding 37.5 W but not exceeding 72 W.	Gerlach	Reduction	No Objection	No objection from domestic producer of a like or competing product.
HR 5100	S 2732	To suspend temporarily the rate of duty on alpha-Phenyl-2-piperidylacetic acid.	Gerlach	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 5101		To reduce temporarily the duty on certain AC electric motors of an output exceeding 37.5 W but not exceeding 72 W designed to be operated by means of an infrared remote control.	Gerlach	Reduction	No Objection	No objection from domestic producer of a like or competing product.
HR 5102		To reduce temporarily the duty on certain AC electric motors of an output exceeding 74.6 W equipped with a capacitor rated over 4 microfarads.	Gerlach	Reduction	No Objection	No objection from domestic producer of a like or competing product.
HR 5104		To suspend temporarily the duty on ski poles and parts and accessories thereof.	Herger	Suspension	No Objection	No domestic production of a like or competing product.
HR 5105	S 2508	To suspend temporarily the duty on carbonic dihydrazide.	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 5106	S 2796	To suspend temporarily the duty on hydrazine hydrate, aqueous solution.	Himes	Suspension	Objection	Domestic production of a like or competing product.
HR 5107		To suspend temporarily the duty on certain acrylic fiber tow.	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 5108	S 2790	To suspend temporarily the duty on 2-benzothiazolythio butanedioic acid (2BBA).	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 5109	S 2794	To suspend temporarily the duty on 4-oxo-4-p-tolylbutyric acid adduct with 4-ethylmorpholine (NEM Salt).	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 5110	S 2792	To suspend temporarily the duty on 1-Methylimidazole.	Himes	Suspension	No Objection	No domestic production of a like or competing product.
HR 5111	S 2795	To suspend temporarily the duty on copper peptide (AHK-Cu).	Himes	Suspension	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 5112	S 2793	To suspend temporarily the duty on copper peptide (GHK-Cu 1:1).	Himes	Suspension	No Objection if rewritten	No domestic production of a like or competing product. See Administration's Technical Comment.
HR 5113		To extend the temporary suspension of duty on a compound of strontium chloroapatite-europium.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5114		To extend the temporary suspension of duty on strontium magnesium phosphate-tin doped inorganic products of a kind used as luminophores.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5115		To extend the temporary suspension of duty on resin cement based on calcium carbonate and silicone resins.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5116		To extend the temporary suspension of duty on zinc silicate phosphor.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5117		To extend the temporary suspension of duty on a mixture of barium carbonate, strontium carbonate, calcium carbonate, and 1-methoxy-2-propanol acetate, for use as emitter suspension cathode coating.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5118		To suspend temporarily the duty on a Phosphor blend of Yttrium Oxide doped with Europium and Lanthanum Phosphate luminophores.	Huelskamp	Suspension	No Objection	No domestic production of a like or competing product.
HR 5119	S 2535	To extend the temporary suspension of duty on calcium chloride phosphate phosphor activated by manganese and antimony.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5120		To extend the temporary suspension of duty on calcium chloride phosphate phosphor.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.

Bill #	Companion	Bill Description	Sponsor	Bill Type	Administration Analysis	Administration Comment
HR 5121		To extend the temporary suspension of duty on small particle calcium chloride phosphate phosphor.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5122		To suspend temporarily the duty on lanthanum phosphate phosphor, activated by cerium and terbium.	Huelskamp	Suspension	No Objection	No domestic production of a like or competing product.
HR 5123		To suspend temporarily the duty on a Phosphor Blend of Yttrium Oxide doped with Europium, Cerium Aluminate doped with Terbium and Barium Aluminate doped with Europium.	Huelskamp	Suspension	No Objection	No domestic production of a like or competing product.
HR 5124	S 2547, HR 5722	To extend the temporary suspension of duty on strontium halophosphate doped with europium.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5125	S 2553, HR 5726	To extend and modify the temporary suspension of duty on lanthanum phosphate phosphor.	Huelskamp	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 5126	S 2544, HR 5724	To extend the temporary suspension of duty on barium magnesium aluminate phosphor.	Huelskamp	Extension	No Objection	No domestic production of a like or competing product.
HR 5127		To extend and modify the temporary suspension of duty on coarse yttrium oxide phosphor.	Huelskamp	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 5128		To extend and modify the temporary suspension of duty on ultrafine yttrium oxide phosphor.	Huelskamp	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 5130	S 2419	To suspend temporarily the duty on certain time switches.	Israel	Suspension	No Objection	No domestic production of a like or competing product.
HR 5131	S 2414	To extend the temporary suspension of duty on certain porcelain lamp-holder housings.	Israel	Extension	No Objection	No domestic production of a like or competing product.
HR 5132	S 2415	To extend the temporary suspension of duty on certain aluminum lamp-holder housings.	Israel	Extension	No Objection	No domestic production of a like or competing product.
HR 5133	S 2417	To suspend temporarily the duty on certain occupancy sensors.	Israel	Suspension	Objection	Domestic production of a like or competing product.
HR 5134	S 2420	To suspend temporarily the duty on certain surge protectors.	Israel	Suspension	No Objection	No domestic production of a like or competing product.
HR 5135	S 2421	To suspend temporarily the duty on certain tamper resistant ground fault circuit interrupters.	Israel	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 5136	S 2418	To suspend temporarily the duty on banana jack connectors.	Israel	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 5137	S 2416	To extend the temporary suspension of duty on certain brass lamp-holder housings.	Israel	Extension	No Objection	No domestic production of a like or competing product.
HR 5138	S 2413	To extend the temporary suspension of duty on certain plastic lamp-holder housings.	Israel	Extension	Objection	Domestic production of a like or competing product.
HR 5139		To extend the temporary reduction of duty on certain 12-volt batteries.	Israel	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5140		To extend the temporary suspension of duty on certain electrical transformers.	Israel	Extension	Objection	Domestic production of a like or competing product.
HR 5141		To extend the temporary suspension of duty on certain 6-volt batteries.	Israel	Extension	No Objection	No objection from domestic producer of a like or competing product.
HR 5142		To extend the temporary suspension of duty on certain color video monitors with flat panel screens.	Israel	Extension	No Objection	No domestic production of a like or competing product.
HR 5145	S 3164	To suspend temporarily the duty on Reactive Black 31.	Kissell	Suspension	No Objection	No domestic production of a like or competing product.

HR 5146		To suspend temporarily the duty on Chromate(4-), [7-amino-3-[(3-chloro-2-hydroxy-5-nitrophenyl)azo]-4-hydroxy-2-naphthalenesulfonato(3-)] [6-amino-4-hydroxy-3-[(2-hydroxy 5 -nitro-3-sulfophenyl)azo]-2-naphthalenesulfonato(4-)]-, tetrasodium (P 96-1335).	Kissell	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 5147	S 3168	To extend the temporary suspension of duty on reaction products of phosphorous trichloride with 1,1'-biphenyl and 2,4-bis(1,1-dimethylethyl)phenol.	Kissell	Extension	No Objection	No domestic production of a like or competing product.
HR 5149		To extend the temporary suspension of duty on Pigment Brown 25.	Kissell	Extension	No Objection	No domestic production of a like or competing product.
HR 5150		To suspend temporarily the duty on Pigment Orange 62.	Kissell	Suspension	No Objection	No domestic production of a like or competing product.
HR 5151	S 3170	To extend the temporary suspension of duty on 3-Dodecyl-1-(2,2,6,6-tetramethyl-4-piperidiny)-2,5-pyrrolid inedione.	Kissell	Extension	No Objection	No domestic production of a like or competing product.
HR 5152	S 3171	To extend the temporary suspension of duty on 1,3-Benzenedicarboxamide, N, N'-bis-(2,2,6,6-tetramethyl-4-piperidiny)-.	Kissell	Extension	No Objection	No domestic production of a like or competing product.
HR 5153	S 3141	To extend the temporary suspension of duty on 1,3-Benzenedicarboxamide, N, N'-bis-(2,2,6,6-tetramethyl-4-piperidiny)-.	Kissell	Extension	No Objection	No domestic production of a like or competing product.
HR 5154	S 2946	To provide for the reliquidation of certain entries of high-density, fiberboard-core laminate wall and floor panels, and for other purposes.	LoBiondo	Reliquidation	Objection	Bill is not administrable. See Administration's Technical Comment.
HR 5155	S 2514	To suspend temporarily the duty on orthotoluidine.	Loebsack	Suspension	No Objection	No objection from domestic producer of a like or competing product.
HR 5158		To reduce temporarily the duty on 2,3-Pyridinedicarboxylic acid.	Luetkemeyer	Extension & Modification	No Objection	No domestic production of a like or competing product.
HR 5159		To suspend temporarily the duty on 2-butyne-1,4-diol, polymer with (chloromethyl)oxirane, brominated, dehydrochlorinated, methoxylated and triethyl phosphate.	Leutkemeyer	Suspension	No Objection	No domestic production of a like or competing product.
HR 5160		To suspend temporarily the duty on certain acrylic fiber tow.	Lummis	Suspension	Objection	Domestic production of a like or competing product.
HR 5161		To suspend temporarily the duty on certain acrylic fiber tow.	Lummis	Suspension	Objection	Domestic production of a like or competing product.
HR 5162		To suspend temporarily the duty on certain acrylic fiber tow.	Lummis	Suspension	Objection	Domestic production of a like or competing product.
HR 5164	S 2450	To suspend temporarily the duty on none numerated footwear with textile uppers for women, other than house slippers, valued \$13/pair or higher.	Maloney	Suspension	Objection	Enactment would undermine trade negotiations.
HR 5165	S 2451	To suspend temporarily the duty on footwear other than house slippers, for women, valued \$9.00/pair or higher.	Maloney	Suspension	Objection	Enactment would undermine trade negotiations.
HR 5166	S 2449	To suspend temporarily the duty on none numerated footwear for women, valued \$25/pair or higher.	Maloney	Suspension	Objection	Enactment would undermine trade negotiations.

Bill #	Companion	Administration Technical Comment
HR 1467	S 682	<p>It is highly unlikely that this bill would be administrable by US Customs and Border Protection (CBP). Entries dated from January 1998 to January 2002, in accordance with National Records Center policy and regulation, have long since been destroyed. This timeframe is also well outside the regulatory recordkeeping requirements for importers and brokers, making reconstruction impracticable. Furthermore, it is impossible and unrealistic to credibly determine if the goods that were imported so long ago were substantially similar to those that were the subject of Witex and Faus (CAFC 2008-1604 and 1605). It would be unfeasible to even identify the products that were actually imported or the processes by which they were made. Documentation for shipments of this type of merchandise is often largely coded, meaning that samples and further confirmation of the actual imported goods would be required to demonstrate to the satisfaction of CBP that the merchandise was entered. At this late date, samples of the goods actually imported would no longer be available for review, and it would be highly unlikely that representative samples of the same merchandise would be available.</p> <p>The bill requires entries of the subject merchandise, entered beginning January 1, 1998, to be liquidated at a duty rate of 3.2 percent ad valorem. This is the duty rate associated with the classification determination in Witex and Faus, 4418.90.46. However, the duty rate associated with this classification (or rather, its equivalents) was not 3.2 percent until 1999. The associated duty rate in effect was: 1998, 3.6 percent</p>
HR 1503		<p>Bill is not administrable as drafted, as the bill provides for multiple products that are possibly classified in more than one heading. More information is required to properly classify the product. The bill should be rewritten to provide a more specific description of the product, including the complete chemical structure of each polymer.</p>
HR 3919	S 3117	<p>CBP requests that the bill be rewritten so that the following language appears after, "(1) Retroactive Provision..." to reflect:</p> <p>"(2) Requests- A liquidation or reliquidation may be made under paragraph (1) with respect to an entry only if a request therefor is filed with U.S. Customs and Border Protection not later than 180 days after the date of the enactment of this Act that contains sufficient information to enable U.S. Customs and Border Protection</p> <p>(A) to locate the entry; or</p> <p>(B) to reconstruct the entry if it cannot be located.</p> <p>(3) Payment of Amounts Owed- Any amounts owed by the United States pursuant to the liquidation or reliquidation of an entry of an article under paragraph (1) shall be paid, without interest, not later than 90 days after the date of the liquidation or reliquidation (as the case may be).</p> <p>(4) Definition- As used in this subsection, the term "entry" includes a withdrawal from warehouse for consumption."</p>
HR 3921		<p>CBP requests that the bill be rewritten so that the following language appears after, "(1) Retroactive Provision..." to reflect:</p> <p>"(2) Requests- A liquidation or reliquidation may be made under paragraph (1) with respect to an entry only if a request therefor is filed with U.S. Customs and Border Protection not later than 180 days after the date of the enactment of this Act that contains sufficient information to enable U.S. Customs and Border Protection</p> <p>(A) to locate the entry; or</p> <p>(B) to reconstruct the entry if it cannot be located.</p> <p>(3) Payment of Amounts Owed- Any amounts owed by the United States pursuant to the liquidation or reliquidation of an entry of an article under paragraph (1) shall be paid, without interest, not later than 90 days after the date of the liquidation or reliquidation (as the case may be).</p> <p>(4) Definition- As used in this subsection, the term "entry" includes a withdrawal from warehouse for consumption."</p>

Bill #	Companion	Administration Technical Comment
HR 3922	S 3112	<p>CBP requests that the bill be rewritten so that the following language appears after, "(1) Retroactive Provision..." to reflect:</p> <p>"(2) Requests- A liquidation or reliquidation may be made under paragraph (1) with respect to an entry only if a request therefor is filed with U.S. Customs and Border Protection not later than 180 days after the date of the enactment of this Act that contains sufficient information to enable U.S. Customs and Border Protection</p> <p>(A) to locate the entry; or</p> <p>(B) to reconstruct the entry if it cannot be located.</p> <p>(3) Payment of Amounts Owed- Any amounts owed by the United States pursuant to the liquidation or reliquidation of an entry of an article under paragraph (1) shall be paid, without interest, not later than 90 days after the date of the liquidation or reliquidation (as the case may be).</p> <p>(4) Definition- As used in this subsection, the term "entry" includes a withdrawal from warehouse for consumption."</p>
HR 3924		<p>CBP requests that the bill be rewritten so that the following language appears after, "(1) Retroactive Provision..." to reflect:</p> <p>"(2) Requests- A liquidation or reliquidation may be made under paragraph (1) with respect to an entry only if a request therefor is filed with U.S. Customs and Border Protection not later than 180 days after the date of the enactment of this Act that contains sufficient information to enable U.S. Customs and Border Protection</p> <p>(A) to locate the entry; or</p> <p>(B) to reconstruct the entry if it cannot be located.</p> <p>(3) Payment of Amounts Owed- Any amounts owed by the United States pursuant to the liquidation or reliquidation of an entry of an article under paragraph (1) shall be paid, without interest, not later than 90 days after the date of the liquidation or reliquidation (as the case may be).</p> <p>(4) Definition- As used in this subsection, the term "entry" includes a withdrawal from warehouse for consumption."</p>
HR 3956		<p>Bill should be rewritten to correct the HTSUS number, which should be 3204.11.35.</p>
HR 4356		<p>Bill should be rewritten to include an additional CAS # and change the HTSUS classification. The bill should also include CAS # 40498-13-3. The HTSUS number should be corrected to 2914.69.90, instead of 2907.29.90.</p>
HR 4380		<p>Bill is not administrable as drafted, as more information is required to identify and classify the intended product. Inorganic residues from plastics ashing may describe antiblock fillers, reinforcements, catalyst residues, colorants, etc. The bill must define and specifically identify the term "ash content" by describing the origin, composition, and/or CAS No. of the "ash". Furthermore, laboratory analysis would be required to verify any such description. However, CBP notes that it would be extremely difficult, if not impossible, for Import Specialists and CBP Laboratories to administer the criteria concerning "ash content" of the product, as it is unclear whether such criteria can be verified through lab analysis without knowledge of the specific ASTM test method used to identify the intended merchandise.</p>
HR 4428	S 2612	<p>Bill should be rewritten to include the common name, "Triflurosulfuron-methyl", after the chemical name.</p>
HR 4431	S 2614	<p>Bill should be rewritten to correct the HTS number, which should be "2935.00.75", instead of "2930.90.29".</p>
HR 4436	HR 4788, HR 5242, S 2595, S 2868, S 2684	<p>Bill should be rewritten to correct the chemical name, which should be "Phosphoric acid, tris (2-ethylhexyl) ester".</p>
HR 4441	S 2526	<p>Bill should be rewritten to correct the CAS number, which should be "358-23-6."</p>
HR 4459	S 2725	<p>Bill should be rewritten to correct the HTSUS number, which should be 2934.99.15. Bill should also be rewritten to extend subheading 9902.10.81, instead of creating a new subheading.</p>
HR 4463	S 2723	<p>Bill should be rewritten to correct the HTSUS number, which should be 2934.10.10. Bill should also be rewritten to extend subheading 9902.10.35, instead of creating a new subheading.</p>

Bill #	Companion	Administration Technical Comment
HR 4465		Bill should be rewritten to extend subheading 9902.40.72 instead of creating a new 9902 subheading. Subheading 9902.40.72 provides for "(5-Hydroxy-1,3-dimethylpyrazol-4-yl)( $\alpha,\alpha,\alpha$ -trifluoro-2-mesyl-ptolyl) methanone (Pyrasulfotole) (CAS No. 365400-11-9) (provided for in subheading 2933.19.23)."
HR 4466	S 2704	Bill should be rewritten to correct the chemical name, which should be "Aluminum tris(O-ethylphosphonate)."
HR 4489		Bill should be rewritten to include the product's common name, "Aldicarb." The bill should also be rewritten to describe the product, as follows: 2-Methyl-2-(methylthio)propionaldehyde O-(methylcarbamoyl)oxime (Aldicarb) (CAS No. 116-06-3) and application adjuvants (provided for in subheading 3808.91.50).
HR 4512	S 2766, HR 5449, S 2955	Bill should be rewritten to correct the chemical name, which should be "lamba-Cyhalothrin" instead of "Cyhalothrin".
HR 4513	S 2628	Bill should be rewritten to correct the spelling of the chemical name, which should be "Fludioxonil" instead of "Fludioxinil".
HR 4521	S 2406	Bill should be rewritten to correct the HTSUS number, which should be 3907.99.01.
HR 4522	S 2407	Bill should be rewritten to correct the HTSUS number, which should be 3907.99.01.
HR 4534		Bill should be rewritten to read: "Biaxially oriented polypropylene film, certified by the importer as intended for metallization and use in capacitors, or certified by the importer as below 40 gauge (10.2 micrometers), not intended for metallization and intended for use in capacitors, all of the foregoing produced from solvent-washed low ash content (less than 50 ppm) polymer resin (CAS No. 9003-07-0) (provided for in subheading 3920.20.00)."
HR 4535	S 2405	Bill should be rewritten to correct the HTSUS number, which should be 3907.99.01.
HR 4537	S 3019	Bill should be rewritten to include the common name of the product, "Propoxycarbazone-sodium." Bill should be rewritten to describe the product using the IUPAC name, as follows: 2-[(4-Methyl-5-oxo-3-propoxy-4,5-dihydro-[1,2,4]triazole-1-carbonyl)sulfamoyl]-benzoic acid methyl ester, sodium salt (Propoxycarbazone-sodium) (CAS No. 181274-15-7) and application adjuvants (provided for in subheading 3808.93.15).
HR 4555		Bill should be rewritten to remove the word "technical" from the bill text, title, and subheading description, as not all technical chemicals are classifiable in chapter 29.
HR 4559		Bill should be rewritten to remove the word "technical" from the bill text, title, and subheading description, as not all technical chemicals are classifiable in chapter 29.
HR 4560		Bill should be rewritten to remove the word "technical" from the bill text, title, and subheading description, as not all technical chemicals are classifiable in chapter 29.
HR 4569		Bill should be rewritten to correct a missing "N" in the chemical name: "Carbamic acid, N-[4-chloro-2-fluoro-5-[[[methyl(1-methylethyl)amino]sulfonyl]amino]carbonyl]phenyl]-, ethyl ester."
HR 4572		Bill should be rewritten to extend subheading 9902.24.30, instead of creating a new subheading. Subheading 9902.24.30 currently provides for N-Methyl-NN-nitro-N-[(tetrahydro-3-furanyl)methyl] guanidine (Dinotefuran) (CAS No. 165252-70-0) (provided for in subheading 2932.19.50) .
HR 4580		The bill should be rewritten to correct the HTSUS number, which should be "3808.92.15." The mixture contains 3 fungicides and 1 insecticide. Based upon GRI 3, the correct classification is 3808.92.15, HTSUS.
HR 4581		Bill should be rewritten to correct the chemical name, which should read, "5-Methyl-2,3-pyridinedicarboxylic acid diethyl ester."

Bill #	Companion	Administration Technical Comment
HR 4590	S 3150	<p>The proposed tariff language of this provision is problematic. Plaiting material is defined by the Harmonized Tariff Schedule of the United States as materials in a state or form suitable for plaiting, interlacing or similar processes; it includes straw, osier or willow, bamboos, rattans, rushes, reeds, strips of wood, strips of other vegetable material (for example, strips of bark, narrow leaves and raffia or other strips obtained from broad leaves), unspun natural textile fibers, monofilament and strip and the like of plastics and strips of paper, but not strips of leather or composition leather or of felt or nonwovens, human hair, horsehair, textile rovings or yarns, or monofilament and strip and the like of chapter 54. The materials must be in a form suitable for plaiting, i.e., flexible; bamboo slats and cane in the dimensions listed are not all plaiting materials and therefore not all classifiable in subheading 4601.92.20. Bamboo cane with a diameter of more than approximately 5mm is rigid and not suitable for plaiting. Bamboo slats over 5mm in width may or may not be suitable for plaiting, depending on the thickness; the slat must be flexible to be suitable for plaiting, but if the material is rigid, it is not. Either the language must be expanded to include 4421.90.97 as a potential subheading for the rigid material, or the language must be limited to reflect only sizes of bamboo that constitute plaiting materials classifiable in subheading 4601.92.20.</p>
HR 4591	S 3151	<p>The proposed tariff language of this provision is problematic. Plaiting material is defined by the Harmonized Tariff Schedule of the United States as materials in a state or form suitable for plaiting, interlacing or similar processes; it includes straw, osier or willow, bamboos, rattans, rushes, reeds, strips of wood, strips of other vegetable material (for example, strips of bark, narrow leaves and raffia or other strips obtained from broad leaves), unspun natural textile fibers, monofilament and strip and the like of plastics and strips of paper, but not strips of leather or composition leather or of felt or nonwovens, human hair, horsehair, textile rovings or yarns, or monofilament and strip and the like of chapter 54. The materials must be in a form suitable for plaiting, i.e., flexible; bamboo slats in the dimensions listed may be rigid and therefore would not be classifiable as plaiting materials in subheading 4601.92.20. The language must be corrected to refer to subheading 4601.92.20; the language only includes 4601.94.20, which is the classification for the product when constructed of marupa wood rods, but not when constructed of bamboo. The language also suggests that the rolls may be constructed of paper rope instead of bamboo slats; paper rope is a textile, not a plaiting material, and is not classifiable in Chapter 46 or heading 4601. The language could be expanded to include subheading 4421.90.97 for materials of rigid bamboo. Shade material constructed of paper rope should be excluded from the language of this provision.</p>
HR 4597		<p>The bill is not administerable. CBP cannot determine the correct tariff classification of the product without the CAS or chemical identities of the extenders and additives. Please provide CAS numbers and/or chemical structures for each of the extenders and additives, as well as the product's use and its complete chemical breakdown by percentage weight.</p>
HR 4600		<p>Bill is not administrable as drafted, as more information is required to properly classify the product. The chemical name and CAS number of the product do not correspond with one another. Additionally, information on the use of the product is needed to determine classification.</p>
HR 4613		<p>Bill should be rewritten to remove the word "technical" from the bill text, title, and subheading description, as not all technical chemicals are classifiable in chapter 29.</p>
HR 4619		<p>Bill should be rewritten to more specifically describe the intended merchandise. CBP notes that it is unclear if the term "used gear boxes" intends to cover "used transmissions" or a narrower class of merchandise, such as used "gears" and "gear assemblies."</p>
HR 4655	S 3149	<p>Subheading 8214.20.30 encompasses cuticle or cornknives, cuticle pushers, nail files, nailcleaners, nail nippers and clippers, all the foregoing used for manicure or pedicure purposes, and parts thereof. Provided that nail clippers and nail files are clearly identified on the entry documentation, this bill is administrable as written.</p>
HR 4660		<p>Bill should be rewritten by adding a hyphen to "thiencarbazono-methyl" in the text of the chapter 99 subheading.</p>

Bill #	Companion	Administration Technical Comment
HR 4666	S 2722	The bill should be rewritten by adding the common name, "Spirotetramat," after the chemical name in the text of newly created chapter 99 subheading.
HR 4669	S 3025	Bill should be rewritten to correct the HTSUS number, which should be 9902.02.54, providing for "β-Cyfluthrin (CAS No. 68359-37-5) (provided for in subheading 2926.90.30)."
HR 4670		Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4671		Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4672		Bill should be rewritten to correct the CAS No., which should be 203313-25-1.
HR 4673		Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4675	S 2678	Bill should be rewritten to add CAS No. 288-88-0 to the product's description.
HR 4676	S 3161	Bill should be rewritten by adding the language "and application adjuvants" at the end of the CAS No. in the text of the 9902 subheading. Rewrite as: "Mixtures of N-[(1R,2S)-2,3-Dihydro-2,6-dimethyl-1H-inden-1-yl]-6-[(1RS)-(1-fluoroethyl)]-1,3,5-triazine-2,4-diamine(Indaziflam) (CAS No.950782-86-2) and application adjuvants (provided for in subheading 3808.93.15)."
HR 4678	S 2681	Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4679	S 2719	Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4680	S 2720	Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4681	S 2721	Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15. The mixture contains fungicides. The correct classification is 3808.92.15.
HR 4687	S 2701	Bill should be rewritten as follows: "3-Methylcarbonylamino-phenyl-3-methyl-carbanilate (Phenmedipham) (CAS No. 13684-63-4) (provided for in subheading 2924.29.47) or mixed with application adjuvants (provided for in subheading 3808.93.15)."
HR 4689	S 2693	Bill should be rewritten to delete the brand name, "Orgasol."
HR 4691	HR 5441	Bill should be rewritten to remove the trade name, "Frequency Herbicide," and insert the common name, "Topramezone." Bill should also be rewritten to correct the HTSUS number, which should be 3808.93.15. Bill should be rewritten to describe the product, as follows: [3-(4,5-dihydro-1,2-oxazol-3-yl)-4-mesyl-o-tolyl](5-hydroxy-1-methylpyrazol-4-yl)methanone (Topramezone) (CAS No. 210631-68-8) and application adjuvants (provided for in subheading 3808.93.15).
HR 4692		Bill should be rewritten to remove the trade name "Fastac" and replace it with the common name "alpha-Cypermethrin." Bill should also be rewritten as follows to include the correct IUPAC name: A racemic mixture of: (S)-a-cyano-3-phenoxybenzyl-(1R,3R)-3-(2,2-dichlorovinyl)-2,2-dimethylcyclopropane-carboxylate and (R)-a-cyano-3-phenoxybenzyl-(1S,3S)-3-(2,2-dichlorovinyl)-2,2-dimethylcyclopropane-carboxylate (alpha-Cypermethrin) (CAS No. 67375-30-8) and application adjuvants (provided for in subheading 3808.91.25).
HR 4694		Bill should be rewritten to include the following chemical description of the merchandise: mixtures containing 3-mesityl-2-oxo-1-oxaspiro[4.4]non-3-en-4-yl 3,3-dimethylbutyrate (Spiromesifen) (CAS No. 283594-90-1), including application adjuvants (provided for in subheading 3808.91.25).
HR 4696		Bill should be rewritten to include the following description of the merchandise: mixtures containing (E)-1-(2-chloro-1,3-thiazol-5-ylmethyl)-3-methyl-2-nitroguanidine (Clothianidin) (CAS No. 210880-92-5), including application adjuvants (provided for in subheading 3808.91.50).

Bill #	Companion	Administration Technical Comment
HR 4697		Bill should be rewritten to correct the description of the product. The chemical names "2,4-Dibromo-6-cyanophenyl octanoate" for Bromoxynil Octanoate and "2,4-Dibromo-6-cyanophenyl heptanoate" for Bromoxynil Heptanoate appear to be incorrect. Each are properly identified as: 2,6-dibromo-4-cyanophenyl octanoate (Bromoxynil Octanoate) (CAS No. 1689-99-2) and 2,6-dibromo-4-cyanophenyl heptanoate (Bromoxynil Heptanoate) (CAS No. 56634-95-8).
HR 4698		Bill should be rewritten as follows: "2-Ethoxy-2,3-dihydro-3,3-dimethyl-5-benzofuranylmethanesulfonate (ethofumesate) (CAS No. 26225-796) (provided for in subheading 2932.99.08) or mixed with application adjuvants (provided for in subheading 3808.93.15)".
HR 4699	S 2726	Bill should be rewritten to move the common name, "Cyprosulfamide," to after the chemical name of the product.
HR 4702	S 2905	Bill should be rewritten to remove the word "technical" and to insert the common name of the product, "Paraquat Dichloride."
HR 4717	S 2940	Bill should be rewritten to confirm the number of repeating monomer units contained in the product. CAS# 25722-66-1 indicates an aromatic-derived homopolymer whose monomer has a molecular weight of 278. If the product contains an average of 5 or more repeating monomer units, classification in subheadings 3911.90.25 (if thermoplastic) or 3911.90.45 (if thermosetting) should be considered. Otherwise, the product is classified in chapter 29.
HR 4719	S 3035	Bill should be rewritten to correct the HTSUS number, which should be 2933.59.18.
HR 4724	S 2921	Bill should be rewritten to include the INN name, "Canagliflozin," in the new 9902 subheading. Bill should also be rewritten to confirm the correct CAS# for the merchandise. CAS# 928672-86-0 is for the hemihydrate form, and CAS #842133-18-0 is for the anhydrous form.
HR 4726	S 2919	Bill should be rewritten to correct the chemical name, which should be "2-(2'-Hydroxy-5'-methacryloxyethylphenyl)-2H-benzotriazole."
HR 4729	S 2990	Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to specify whether the merchandise is a finished product or an intermediate mixture used to make another product. Bill should include information concerning the product use and a complete chemical breakdown, by percentage weight.
HR 4731	S 2357	This bill would result in a permanent change to the HTSUS and could modify US multilateral and bilateral trade obligations.
HR 4741	S 2624	Bill should be rewritten to not delete subheading 3824.90.92. Both classifications are necessary. The manufacturing process for avermectins usually results in a mixture of avermectins (there are four different avermectin B structures and an additional four avermectin A structures). Some of the mixtures can be considered a single chemical with impurities depending on the percentage of the major component. If there is any indication that the mixture was not intentionally purified, then it would be provided for in heading 3824.
HR 4749		Bill should be rewritten to correct the HTSUS number, which should be under subheading 3811.90, HTSUS.
HR 4760		Bill should be rewritten to correct the HTSUS number, which should be 3905.99.80. Poly(vinyl formal) is derived from poly(vinyl alcohol) that has been acetalized. It is a poly(vinyl acetal). Poly(vinyl acetal)s are chemically modified poly(vinyl alcohol)s provided for in 3905.99.80 based on subheading note 1.(a)(3).
HR 4761		Bill should be rewritten to correct the CAS number, which should be 839-90-7.

Bill #	Companion	Administration Technical Comment
HR 4762		<p>Bill should be rewritten to describe the product as "sheeting of polyvinyl butyral," instead of "polyvinyl butyral." Additionally, the bill should be rewritten to provide a clear definition or description of what constitutes aircraft-grade material. Proponent states that it is to be used in high penetration resistance applications in certain types of aircraft, but does not indicate whether there are applications other than for windshields. Proponent states that the formulation includes either dihexyladipate (AG), dibutyl sebacate (DS and DB) or triethyleneglycol di(2-ethylhexanoate) at less than 25 PHR (parts per hundred resin) (RM), CAS numbers 110-33-8, 109-43-3 and 94-28-0, but CBP has no knowledge that such additives are used only in aircraft-grade sheeting rather than for other applications as well. CBP requires details about the product that are specific enough to distinguish the intended merchandise from other polyvinyl butyral sheeting that is not aircraft-grade. CBP also notes that the phrase "to be used in" indicates that the proposed subheading is an actual use provision. As such, merchandise entered under this subheading is subject to the requirements of 19 CFR 10.133.</p> <p>CBP suggests that the product description be rewritten, as follows: "Polyvinyl butyral sheeting [insert: specification and limiting descriptive language re: aircraft-grade] for use in high penetration resistance applications in aircraft."</p>
HR 4772	S 2924	<p>Bill should be rewritten by deleting the article's brand name and instead, describing it as "mixtures of Pyrimethanil with application adjuvants." Bill should also be rewritten by extending the reduction of duty on subheading 9902.24.85, which provides for "Mixtures of 4,6-dimethyl-N-phenyl-2-pyrimidinamine(Pyrimethanil) (CAS No. 53112-28-0) and application adjuvants (provided for in subheading 3808.92.15)."</p>
HR 4774	S 2857	<p>Bill should be rewritten to include the full chemical name, "o-paraquat dichloride".</p>
HR 4781	S 2863	<p>Bill should be rewritten to correct the chemical name, which should be, "4,4'-butylidenebis[3-methyl-6-tert-butylphenol]."</p>
HR 4782	S 2864	<p>Bill should be rewritten to correct the chemical name, which should be, "2,2'-methylenebis(4-methyl-6-tert-butylphenol)."</p>
HR 4784	S 2862	<p>Bill should be rewritten to describe the product, as follows: N-(dimethylamino)succinamic acid (Daminozide) (CAS No. 1596-84-5) (provided for in subheading 2928.00.50).</p>
HR 4785		<p>Bill should be rewritten by replacing the word, "inerts," and describing the product, as follows: Mixtures of 1,1'-dimethyl-4,4'-bipyridinium dichloride (paraquat dichloride) (CAS No. 1910-42-5) with application adjuvants (provided for in subheading 3808.93.15).</p>
HR 4807		<p>Because 3924.10.40 is a residual provision that does not specifically provide for frozen treat makers, a more precise description of the intended merchandise is necessary. To ensure administrability, the bill should indicate the type of products that the intended frozen treat makers are used to produce, as well as distinguishing design characteristics of the devices. For example, the bill should be rewritten to specifically state that the bill covers frozen treat makers that are made of plastic, if that is the case. It should state whether other materials are permitted to be used in the construction of the frozen treat makers, or if those articles are excluded from this Chapter 99 provision. The bill should also state whether the frozen treat makers covered by this bill can be powered by batteries or other sources of electricity.</p>
HR 4845	S 2873, S 2490	<p>Bill should be rewritten to correct the chemical name, which should be, "3-(Trifluoromethyl)-4-nitrophenol."</p>
HR 4867	S 2938	<p>The bill is not administrable. The bill is too broad and the second compound "glycyrrhentic acid" does not appear to exist. This may cause issues with licorice extracts of chapter 13. We need more information to determine if the bill could possibly be changed to make administrable. The following information would need to be provided in order to determine if the bill could be changed to be made administrable: 1)What kind of product or products are to be covered; 2) chemical composition of the product or correlating CAS #s; 3) the percentages by weight; 4) the method used for the extraction; 5) if anything is added or removed during the process.</p>

Bill #	Companion	Administration Technical Comment
HR 4870	S 2578	<p>Bill should be rewritten to clarify whether the PVA and polycarbonate are copolymers, or whether they are layered on top of one another. If the PVA and polycarbonate are layered separately, the bill should indicate the laminate structure(s) to be covered by this provision.</p> <p>The bill should also be rewritten to clarify the term "wafer" and to more precisely describe what "sheets or plates" are intended to be covered by this provision. The diameter of sheets and plates cannot be determined because they are rectangular in nature.</p>
HR 4871	S 2576	<p>Bill should be rewritten to clarify whether the PVA and polycarbonate are copolymers, or whether they are layered on top of one another. If the PVA and polycarbonate are layered separately, the bill should indicate the laminate structure(s) to be covered by this provision. The bill should also be rewritten to clarify the term "wafer."</p>
HR 4872	S 2577	<p>Bill should be rewritten to clarify whether the PVA and polycarbonate are copolymers, or whether they are layered on top of one another. If the PVA and polycarbonate are layered separately, the bill should indicate the laminate structure(s) to be covered by this provision.</p> <p>The bill should also be rewritten to clarify the term "wafer" and to more precisely describe what "sheets or plates" are intended to be covered by this provision. The diameter of sheets and plates cannot be determined because they are rectangular in nature.</p>
HR 4873	S 2381	<p>Bill should be rewritten to correct the chemical name for thiodicarb. CBP suggests that the chemical name be rewritten as, "dimethyl N,N'-[thiobis[(methylimino)carbonyloxy]]bis[ethanimidothioate]."</p>
HR 4879	S 2386	<p>Bill should be rewritten to correct the HTSUS number, which should be 2933.19.23.</p>
HR 4887	S 2588	<p>Bill should be rewritten to confirm the chemical name and CAS No. of the product. CBP suggests that the alternative name, "Benzamide, 2-amino-5-cyano-N,3-dimethyl-," also be included in the bill.</p>
HR 4888	S 2589, S 2752	<p>Bill should be rewritten to insert the common name, "Picoxystrobin," after the chemical name of the product. Bill should also be rewritten to confirm the chemical name and identify the product using the IUPAC chemical name, as follows: "methyl (2E)-3-methoxy-2-{2-[6-(trifluoromethyl)-2-pyridyloxymethyl]phenyl}acrylate."</p>
HR 4902		<p>Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to describe the product use and to specify whether the photomask blanks are sensitized. .</p>
HR 4907		<p>Bill should be rewritten to correct the HTSUS number, which should be 2931.90.30.</p>
HR 4914	S 2680	<p>Bill should be rewritten to correct the HTSUS number, which should be 3808.92.15.</p>
HR 4915	S 2661	<p>Bill should be rewritten to correct the HTSUS number, which should be 2811.22.10.</p>
HR 4932		<p>Bill is not administrable as drafted, as more information is required to properly classify the product. Bill must include a complete chemical description of the substances contained in the product, as well as corresponding CAS Nos. Additionally, information on the use of the product is needed to determine classification.</p>
HR 4939	S 2497	<p>Bill should be rewritten to correct the HTSUS number, which should be 3824.90.48.</p>
HR 4940	S 2481	<p>Bill should be rewritten to correct the HTSUS number, which should be 2933.99.79.</p>
HR 4941	S 2494	<p>Bill should be rewritten to correct the HTSUS number, which should be 3907.91.50 for other unsaturated polyesters (based on 2-Oxepanone polymer which indicates a thermoplastic unsaturated high molecular weight linear polyester derived from caprolactone monomer).</p>
HR 4943	S 2499	<p>Bill can not be administered as it does not include a CAS number. The Administration could re-review to determine if the bill could be administered if a CAS number is provided.</p>

Bill #	Companion	Administration Technical Comment
HR 4946	S 2502	Bill should be rewritten to confirm the chemical name and CAS No. of the product. CBP notes that the CAS No. currently listed in HR 4946 does not match that of the companion bill S. 2502. The products at issue are extremely complex and can refer to a wide range of chemicals and esters. Consequently, the bill may need to be rewritten to include the CAS Nos. from both HR 4946 and S. 2502 if consistent with the intent of the petitioner.
HR 4956	S 2396	Bill should be rewritten to correct the description of the product, which should be written as, "Turmeric extracted oleoresin (CAS No. 8024-37-1) (provided for in subheading 3301.90.10)."
HR 4961	S 2392	Bill should be rewritten to correct the description of the product, which should be written as, "Ginger extracted oleoresin (CAS No. 8002-60-6) (provided for in subheading 3301.90.10)."
HR 5002		Bill should be rewritten by adding the common name of the article, "Noviflumuron," to the bill. Bill should also be rewritten to correct the HTSUS classification, which should be 2924.29.47. Suggest using expired subheading 9902.25.35 instead of creating a new 9902 subheading.
HR 5011		Bill should be rewritten to correct the HTSUS classification of the product. The correct HTSUS classification of the product is subheading 3808.93.15. Bill should be rewritten to describe the product as follows: 3,5-dichloro-N-(1,1-dimethylpropynyl) benzamide (Propyzamide) (CAS No. 23950-58-5) and application adjuvants (provided for in subheading 3808.93.15).
HR 5014		Bill should be rewritten to correct product name and HTSUS number. CAS 59938-06-6 relates to 1-Ethoxy-3-trifluoromethyl-1,3-butadiene. The correct HTSUS is 2909.19.18. Bill should be rewritten to reflect the chemical name 1-Ethoxy-3-trifluoromethyl-1,3-butadiene, classifiable in 2909.19.18.
HR 5016	HR 5085, S 2768	Bill should be rewritten to include the common name, "oxyfluorfen," in the bill and new subheading 9902. The bill should also be rewritten using the following CAS chemical name: 2-chloro-1-(3-ethoxy-4-nitrophenoxy)-4-(trifluoromethyl)benzene (Oxyfluorfen) (CAS No. 42874-03-3) (provided for in subheading 2909.30.30).
HR 5019		Bill title should be rewritten to include the correct product name, which should be "Isoxaben" instead of "Gallery".
HR 5020		Bill should be rewritten to include the chemical name, "myclobutanil".
HR 5023		Bill should be rewritten to correct the chemical name of the product, which should be "(5-chloro-8-quinolinyl)oxy-, 1-methylhexyl ester."
HR 5032		Bill should be rewritten to include the chemical name of the product and to correct the CAS number. CBP suggest that the description of the product be rewritten, as follows: 2-cyano-N-[(ethylamino)carbonyl]-2-(methoxyimino)acetamide (Cymoxanil) (CAS No. 57966-95-7) and application adjuvants (provided for in subheading 3808.92.50).
HR 5033	S 2750	Bill should be rewritten to correct the HTSUS number, which should be 3808.93.15. Bill should also be rewritten to include the common name of the product, "Aminocyclopyrachlor."
HR 5035		Subheading 9606.10.80 provides for "Press-fasteners, snap-fasteners and press-studs and parts thereof: Valued over 20 [cents] per dozen pieces or parts." CBP traditionally objects to actual use provisions. In order for the bill to be administrable, the entry documentation would need to clearly identify these magnetic snaps and their intended use and proof of such use would have to be provided within 3 years of importation, in accordance with 19 CFR 10.133. In addition, the bill lists "finished leather goods." If the intention of the bill is to include just leather clothing or only finished articles made up of leather (e.g. handbags), then the language of the bill should be rewritten to more specifically describe the product.
HR 5040	S 2740	Bill should be rewritten to include the CAS No. for each of the components.
HR 5041	S 2738	Bill should be rewritten to read, "Mixtures of between 40 and 60 percent formaldehyde polymers with aniline (CAS No. 25214-70-4) and between 60 and 40 percent 4,4-methylenedianiline (CAS No. 101-77-9) (provided for in subheading 3909.30.00)."

Bill #	Companion	Administration Technical Comment
HR 5049		Bill should be rewritten to specifically describe the meaning of "tooling," as used in this provision. CBP agrees that complete molds used in a sector mold press are classified in 8480.79.90. However, the term "tooling" is a generic term that covers a wide range of manufacturing equipment. "Tooling" is not administrable as it is too broad a term. In addition to molds, "tooling" is used to refer to articles such as cutting tools (heading 8207) and fixtures and jigs (heading 8466). If the proposed bill is meant to cover only molds for use with a sector mold press, then the use of "tooling" is redundant and should be deleted. Otherwise, type of tooling needs to be specified in the bill along with its respective HTSUS number.
HR 5062	HR 4931, S 2830	Bill should be rewritten to correct the chemical name, which should be "3,3'-dichlorobenzidine dihydrochloride" instead of "3,3N-Dichlorobenzidine dihydrochloride".
HR 5065	S 2898	The bill should be rewritten to correct the chemical name, as follows: Benzoic acid, 3,5-bis(1,1-dimethylethyl)-4-hydroxy-, hexadecyl ester. Note that Hexadecyl 3,5-bis-tert-butyl-4-hydroxybenzoate is the European Inventory of Existing Commercial chemical Substances (EINECS) name, whereas, the name Benzoic acid, 3,5-bis(1,1-dimethylethyl)-4-hydroxy-, hexadecyl ester is the Toxic Substances Control Act (TSCA, US) name of the product. The U.S. version of the chemical name should take precedence over the European name.
HR 5067		CBP notes that the duty on this product is already suspended under subheading 9902.01.35, HTSUS, and recommends that the bill be rewritten to extend this subheading, rather than create a new chapter 99 provision. The bill should be rewritten to correct the HTSUS number, which should be 2933.99.79. Bill should also be rewritten to correct the chemical name of the product, which should be, "2-Phenylbenzimidazole-5-sulfonic acid."
HR 5068	S 2903	Bill should be rewritten to correct the HTSUS subheading, which should be 2918.23.20.
HR 5072		Product consists of monomer units which are aromatic, or modified aromatic, or which are obtained, derived or manufactured in whole or in part therefrom. Bill should be rewritten to correct the HTSUS number, which should be subheading 3911.90.25, if thermoplastic, or subheading 3911.90.45, if thermosetting.
HR 5078	S 2774	Bill should be rewritten to correct the CAS No. and by adding the common name. Rewrite as follows using the CAS chemical name: O,S-dimethyl acetylphosphoramidothioate (CAS No. 30560-19-1) and application adjuvants (provided for in subheading 3808.91.50).
HR 5080	S 2682	Bill should be rewritten so that the bill and bill title identify the product by its full chemical name: benzene, diethenyl-, polymer with ethenylbenzene and ethenylethylbenzene.
HR 5082	S 2653	Bill should be rewritten so that the bill and bill title contain the full chemical name of the product and the correct CAS#, which should be 69011-20-7, instead of 69011-20-74.
HR 5088	S 2734	Bill should be rewritten to correct the HTSUS number, which should be 2903.99.80.
HR 5089	S 2671	Bill should be rewritten to correct the chemical name of the product, which should be, "1-(2-chloroethyl)-4-ethyl-1,4-dihydro-5H-tetrazol-5-one."
HR 5092	S 2728	Bill should be rewritten to correct the HTSUS number, which should be 2933.39.61.
HR 5093	S 2730	Bill should be rewritten to correct the HTSUS number, which should be 2933.39.61.
HR 5096	S 2677	Bill should be rewritten to correct the HTSUS number, which should be 2933.39.61.
HR 5097	S 2674	Bill is not administrable as drafted, as more information is required to properly classify the product. CBP is unable to locate the product name in any available resource. The bill should be rewritten to verify both the product name and CAS No. Additionally, the product appears to be misclassified, as the merchandise appears to be aromatic in nature, yet it is classified under an "other than aromatic" provision. CBP suggests the following alternate name to possibly be inserted into the bill: N-[1-benzyl-4-(methoxymethyl)-piperidin-4-yl]-N-Phenylpropionamide oxalate (CAS # 61086-13-3).
HR 5100	S 2732	Bill should be rewritten to correct the HTSUS number, which should be 2933.39.61.

Bill #	Companion	Administration Technical Comment
HR 5111	S 2795	Bill is not administrable as drafted, as more information is required to properly classify the product. The current CAS No. corresponds with "Tripeptide AHK," not "Copper Peptide (AHK-Cu)." CBP requests that the petitioner clarify which product is intended to be covered by the bill.
HR 5112	S 2793	Bill should be rewritten to correct the chemical name of the product, which should be, "Glycyl-L-Histidyl-L-Lysine."
HR 5154	S 2946	<p>This bill is not administrable by US Customs and Border Protection (CBP). The vast majority of the referenced entries dating from January 1, 1994 to February 2, 2007 have long since been destroyed, in accordance with National Records Center policy and regulation. Those that were suspended at importers' requests pending the outcomes in Witex and Faus (CAFC 2008-1604 and 1605), have already been liquidated with refunds. Furthermore, this time frame is also well outside the regulatory recordkeeping requirements for importers and brokers, making reconstruction impracticable.</p> <p>It is impossible and unrealistic to credibly determine if the goods that were imported so long ago were substantially similar to those that were the subject of Witex and Faus. It would be unfeasible to even identify the very products that were actually imported or the processes by which they were made. Documentation for shipments of this type of merchandise is often largely coded, meaning that samples and further confirmation of the actual imported goods would be required to demonstrate to the satisfaction of CBP that the merchandise was entered. At this late date, samples of the goods actually imported would no longer be available for review, and it would be highly unlikely that representative samples of the same merchandise would be available.</p> <p>The bill requires entries of the subject merchandise, entered beginning January 1, 1994, to be liquidated at a duty rate of 3.2 percent ad valorem. This is the duty rate associated with the classification determination in Witex and Faus, 4418.90.46. However, the duty rate associated with this classification (or rather, its equivalents) was not 3.2 percent until 1999. The associated duty rates in effect were as follows:</p> <ul style="list-style-type: none"> <li>1994 5.1 percent</li> <li>1995 4.7 percent</li> <li>1996 4.3 percent</li> <li>1997 4 percent</li> <li>1998 3.6 percent</li> </ul> <p>It would be inappropriate to assign the duty rate in effect at the time of the Witex and Faus decisions to entries made several years prior; the duty rate should be that associated with the classification at the time of entry.</p> <p>The time frames for CBP action, as presented, are impossible to administer. Item (c)(2) states that electronic entry information will be provided to importers no later than 15 days after receiving requests from importers. A large port such as Los Angeles/Long Beach could conceivably receive requests for over 10,000 entry records for the 13-year period. Retrieving and providing such a large quantity of records in such a short time period would be impossible. Furthermore, the time frame for reporting to Congress is impossible. The bill gives importers 90 days from enactment of the bill to file reliquidation requests, and instructs CBP to liquidate or reliquidate those entries within 90 days of receiving the requests, totaling 180 days, and yet requires that CBP report to Congress in 150 days. CBP comments that the bill should also be rewritten to specifically address whether or not the bill provides for the payment of interest on any amounts owed under the terms of this bill.</p>
HR 5179	S 2744	Bill should be rewritten to correct the CAS number, which should be 1308-96-9.
HR 5184	S 2742	Bill should be rewritten to correct the CAS number, which should be 1312-81-8.
HR 5204	S 2842	Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to more specifically describe the product. Bill should include information concerning the product use, identity of the acid acceptor, and a complete chemical breakdown, by percentage weight.

Bill #	Companion	Administration Technical Comment
HR 5205	S 2841	Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to more specifically describe the product. Bill should include information concerning the product use, identity of the antioxidant, and a complete chemical breakdown, by percentage weight.
HR 5207	S 2852	Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to more specifically describe the product. Bill should include information concerning the product use, identity of the antistatic, and a complete chemical breakdown, by percentage weight.
HR 5208	S 2844	Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to more specifically describe the product. Bill should include information concerning the product use, identity of the corrosion inhibitor, and a complete chemical breakdown, by percentage weight.
HR 5212		Bill should be rewritten to correct the HTSUS number, which should be 2933.99.82.
HR 5227	S 2622	Bill should be rewritten to correct the HTSUS number, which should be 2933.39.91.
HR 5232	S 2712	Bill should be rewritten to correct the chemical name in the bill and bill title. The correct chemical name is "1,1,2,2,3,3,4,4,4-Nonafluorobutanesulfonic acid, potassium salt."
HR 5233	S 2775	Bill should be rewritten to remove the trade name.
HR 5234	S 2781	Bill should be rewritten to remove the trade name.
HR 5235	S 2773	Bill should be rewritten to remove the trade name.
HR 5236	S 2772	Bill should be rewritten to remove the trade name and correct the CAS number. The correct CAS number is CAS 936346-53-1, per petitioner.
HR 5256	S 2807	Bill should be written to include new heading language that limits the covered goods to only certain hand tools. 8205.59.80 encompasses multiple hand tools of all types, sizes and functions. The description of this particular hand tool, "designed for securing plastic fasteners," is too general of a description to accurately indentify the item. Depending upon physical characteristics and method of operation, other HTSUS provisions have to be considered. Information on specifications, composition and method of operation are needed in order to determine the appropriate classification of this hand tool in question. In addition, if this hand tool will be imported in a set, including with "plastic fasteners", it is possible that the merchandise would be considered a set and the fasteners could impart the essential character. Under such circumstances, classification within heading 8205 would be inappropriate.
HR 5259	S 2922	Bill should be rewritten to remove the trade name, "Fungaflor Technical," and replace it with the common name, "Imazalil." Bill should also be corrected to include the following chemical name: "1-[2-(2,4-dichlorophenyl)-2-(2-propen-1-yloxy)ethyl]-1H-imidazole (Imazalil) (CAS No.35554-44-0) (provided for in subheading 2933.29.35)." CBP notes that research indicates that the product may be identified by another CAS No. (73790-28-0; see CBP Headquarters Ruling Letter HQ 956824) and that it may be known by the name, "Enilconazole."
HR 5269	S 2901	Bill is not administrable as currently drafted, as classification of the product cannot be determined without additional information. The bill should be rewritten to include monomer size (N#). If N# is greater than 5, the product may be a polymer of chapter 39, based on its CAS No. and structure. If N# is less than 5, the product is classified under heading 3812.  Additionally, CBP notes that some Triazin products, if possessing optical brightening agent (OBA) characteristics, may be subject to Anti-dumping duties (ADD) based on a Department of Commerce Scope Order. This bill will possibly cause conflict in the administration of ADD. Suggest review of issue with DOC prior to bill enactment.
HR 5291		Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to provide specific characteristics which describe the merchandise. Additionally, CBP notes that administration of this provision will require that samples of the product be submitted for laboratory analysis to verify classification.

Bill #	Companion	Administration Technical Comment
HR 5293		Bill should be rewritten to include the chemical name of the product, "Propanoic acid, 3-hydroxy-2,2-dimethyl-, 3-hydroxy-2,2-dimethylpropyl ester (Hydroxypivalyl hydroxypivalate)." Bill should also be rewritten to exclude the following tariff language, "Nonaromatic carboxylic acids with alcohol function, without other oxygen function, and their derivatives."
HR 5305	S 2733	Bill should be rewritten to include the CAS No. for the polymer or reaction product.
HR 5306		Bill should be rewritten to correct the HTS number and the chemical name. The HTS should be "2933.29.35", instead of "2935.00.75". If the chemical is in pure chemical form the correct classification is not subheading 2935. Based on its chemical structure and Explanatory Notes of heading 2935, the sulfur must be directly attached to the carbon atom. The word "technical" after cyazonfamid should be removed.
HR 5307		Bill should be rewritten to correct the chemical name and add in the common name. The common name of "Acetamidrid" should be included after the chemical name. The term "technical" should be removed.
HR 5313		Bill should be rewritten to correct the product description, as follows: "molded parts suitable for use solely or principally with the apparatus of headings 8535, 8536, or 8537, with metal contacts (provided for in subheading 8538.90.60)."
HR 5318		Bill should be rewritten to correct the HTSUS number, which should be 2909.49.20. The description of the product should be written, as follows: 1,2-Propanediol, 3-[(2-ethylhexyl)oxy]-(CAS 70455-33-9) (provided for in subheading 2909.49.20).
HR 5323	S 2893	Bill should be rewritten to insert the following language at the end of Section 1(b), "[...enactment of this Act] that contains sufficient information to enable U.S. Customs and Border Protection - (1) to locate the entry; or (2) to reconstruct the entry if it cannot be located." Additionally, the bill should be rewritten to specifically address whether or not the bill provides for the payment of interest on any amounts owed under the terms of this bill.
HR 5324	S 2949	CBP prefers language contained in the House version of this Bill. However, we suggest amending the House bill by substituting the following language from the Senate version (S. 2949): Page 2, line 1 "(1) liquidate or reliquidate entries described in subsection (d) containing any merchandise that at the time of the original liquidation or subsequent reliquidation had been classified under subheading 8525.80.50, HTSUS..."; Page 2, line 21 insert "(3) to confirm that the entry contains merchandise properly classifiable at the time of entry under subheading 8525.80.40, HTSUS."
HR 5327	HR 5148, S 3169	Preparations based on ethanediamide, N-(2-ethoxyphenyl)-NN-(4-isodecylphenyl)- (CAS No. 82493-14-9) can be classified in heading 3812 or 3824 depending upon how the merchandise is used. Consequently, HR 5327 is not administrable as currently written because CBP cannot determine the classification of the merchandise based on the description provided in subheading 9902.04.05, HTSUS. The text of 9902.04.05 should be amended to include a description of how the merchandise is used, so that proper classification may be determined.
HR 5337	S 3072	Bill should be rewritten to correct the HTSUS number, which should be 3906.90.20, providing for other plastic acrylic polymers (including chemically modified poly(methyl methacrylate)).
HR 5345		Bill is not administrable as drafted, as more information is required to properly classify the product. Bill should be rewritten to specify whether the merchandise is in clinical trials, and if so, at what stage of trial. Bill should also include the complete chemical structure of the product, as well as the type of disease or ailment with which the product is used.

Bill #	Companion	Administration Technical Comment
HR 5357		<p>Bill should be rewritten to more specifically describe the intended product. This office needs the following information to determine the classification:</p> <p>1-A complete ingredients breakdown, by weight.  2-Describe the condition of the imported product (fluid, tablets, powder, etc).  3-How will this product be packaged, when imported into the U.S. (i.e. type of container(s), weight, etc)?  4-Are the placebos imported for hospitals? If not, for whom?  5-Is sucrose derived from sugar cane or sugar beets?  6-Indicate the active ingredient(s) for the drug ASP2408.</p>
HR 5358		<p>The bill should be rewritten to more specifically describe the product. This office needs the following information to determine the classification.</p> <p>1-A complete ingredients breakdown, by weight.  2-Describe the condition of the imported product (fluid, tablets, powder, etc).  3-How will this product be packaged, when imported into the U.S. (i.e. type of container(s), weight, etc)?  4-Are the placebos imported for hospitals? If not, for whom?  5-Indicate the active ingredient(s) for the drug ASP0777.</p>
HR 5359		<p>Bill should be rewritten to correct the HTSUS number, which should be 2933.99.97.</p>
HR 5361		<p>Bill should be rewritten to include the chemical name abbreviation, "(OBPA)", after the chemical name.</p>
HR 5369	S 2764	<p>Bill should be rewritten to correct the HTS and include the full chemical name. The HTS number should be 3204.15.40 instead of 2921.42.90. The product description should include "Vat Violet 10."</p>
HR 5371	S 2756	<p>Bill should be rewritten to amend the chemical name of the product, as follows: 4-Chloro-2-nitroaniline.</p>
HR 5372	S 2753	<p>Bill should be rewritten to correct the HTSUS number. The product description should be rewritten, as follows: 4-Sulfo-1,8-naphthalic anhydride potassium salt (CAS No. 71501-16-1) (provided for in subheading 2917.39.30).</p>
HR 5374	S 2748	<p>Bill should be rewritten to correct the HTSUS number. The product description should be rewritten, as follows: Benzamine, dodecyl-, branched (CAS No. 68411-48-3) (provided for in subheading 2921.42.65).</p>
HR 5375	S 2751	<p>Bill should be rewritten to correct the CAS No., which should be 92-59-1.</p>
HR 5376		<p>Bill should be rewritten to correct the HTSUS number, which should be subheading 3906.90.50, HTSUS.</p>
HR 5395		<p>Bill should be rewritten to include the common name, "Triticonazole", after the chemical name.</p>
HR 5396		<p>Bill should be rewritten to correct the chemical name and CAS No. of the product. The CAS No. identified in HR 5396 does not correspond to the chemical name given in the bill. CBP suspects that the chemical name of the product is incorrectly written and suggests that the proponent of the bill correct the chemical name and confirm that the CAS No. corresponds with the intended product.</p>
HR 5399		<p>Bill should be rewritten to replace the trade name of the product with its common name, correct the HTSUS number, and amend the product description. The bill should be rewritten to provide the following product description: (1RS,5RS;1RS,5SR)-5-(4-chlorobenzyl)-2,2-dimethyl-1-(1H-1,2,4-triazol-1-ylmethyl)cyclopentanol (Metconazole) (CAS No. 125116-23-6) and application adjuvants (provided for in subheading 3808.92.15).</p>
HR 5406		<p>Bill is not administrable as drafted, as more information is required to properly classify the product. The bill should be rewritten to provide a more specific description of the product. The bill should include a complete chemical breakdown of the product by percentage weight, identifying CAS Nos. and chemical structures, and the product use.</p>

Bill #	Companion	Administration Technical Comment
HR 5408		Bill should be rewritten to cover "DC centrifugal fans and blowers, with a voltage of 12 V or more but not exceeding 350 V, delivering at least approximately 5663.4 liters (200 cubic feet) per minute of air flow, having an impeller diameter not exceeding 310 mm, other than for use in motor vehicles (provided for in subheading 8414.59.60)."
HR 5411		DOC understands that the product industry is seeking a duty suspension on is not classified under the proposed HTS; however, industry would not provide additional information to make classification determinable.
HR 5412		Bill should be rewritten to cover "DC centrifugal fans and blowers, with a voltage of 12 V or more but not exceeding 350 V, delivering at least approximately 5663.4 liters (200 cubic feet) per minute of air flow, having an impeller diameter not exceeding 310 mm, other than for use in motor vehicles (provided for in subheading 8414.59.60)."
HR 5413		Bill is not administrable as drafted, as more information is required to properly classify the product. Bill must include a specific description of the intended merchandise to confirm that such products are, in fact, parts or accessories of an other optical (non-electrical) gas or smoke analysis apparatus of subheading 9027.10.40, HTSUS, and that they are not classified under a heading of another chapter.
HR 5417		Bill should be rewritten to correct the product description to read as follows, "Insulated wire and cable, fitted with connectors, for a voltage not exceeding 80V (provided for in subheading 8544.42.90)."
HR 5419		Bill should be rewritten to cover "Rack-based power distribution units (PDUs) (provided for in subheading 8537.10.90)."
HR 5445	S 2771	Bill should be rewritten to remove the term "technical" from the bill title, text, and chapter 99 provision.
HR 5447	S 2785	Bill should be rewritten to include the formulation of this product. If the product is imported in pure technical form, the correct classification will be in subheading 2930.20.90. If the product is a formulation or mixture with application adjuvants, the classification will be in subheading 3808.92.28.
HR 5454		Bill is not administrable as drafted, as more information is required to properly classify the product. The bill should be rewritten to provide a more specific description of the product. The bill should include a complete chemical breakdown of the product by percentage weight, identifying CAS Nos. and chemical structures, and the product use.
HR 5459	S 2708	<p>The bill is not administerable. We need more information and extensive rewriting to determine if the bill could possibly be changed to make administerable. The language of the proposed Chapter 99 subheading is much too detailed. It clearly is designed for a specific product produced by one manufacturer. The extensive detail in the product description presented in this proposed subheading makes it difficult or impossible to administer. For example, the language of this description refers to glass fibers that are "bound together in a polyvinyl matrix with a formaldehyde emissivity -below 20 ugm.m-2.hr-1..." This technical information could only be verified if CBP conducted lab analysis on each product entered in this new provision. Even if this were possible, CBP is not certain that the lab could verify this information. In any case, the description is much too intricate for practical administration.</p> <p>The reference to the use of the product in the description would also be difficult for Import Specialists to administer and CBP is traditionally objects to actual use provisions. Thin sheets of glass fibers can be used for a variety of purposes. Even if each piece were examined, it is unlikely that CBP could verify the specified use.</p> <p>The proposed new provision might be easier to administer if it were rewritten to simply refer to a general range for the thickness and area of the material. It would probably be appropriate to refer to the fact that the material is bound with polyvinyl plastics but it would not be appropriate to refer to the measurement of the "formaldehyde emissivity" of this binder. CBP also believe that the reference to the use of the material should be eliminated.</p>

Bill #	Companion	Administration Technical Comment
HR 5463		Bill should be rewritten to correct the description of the product by separately describing each active ingredient. For each active ingredient, the product description should include the chemical name, common name, and CAS No. The product contains two active ingredients and subheading 3808.93.05 is an eo nomine provision that specifically provides for mixtures of Sethoxydim and application adjuvants. Also, Sethoxydim is not an aromatic but it is provided for eo nomine as an aromatic herbicide. Research indicates that Nicobifen is known by the common name, "Boscalid" (CAS No. 188425-85-6). The bill should also be rewritten to correct the HTSUS classification of the product, which should be 3808.93.50, HTSUS.
HR 5464		Bill should be rewritten to correct the HTSUS number and to insert the common name of the product. The bill should be written to describe the product, as follows: 1-(4,6-dimethoxypyrimidin-2-yl)-3-[2-(dimethylcarbamoyl)phenylsulfamoyl]urea (Orthosulfamuron) (CAS No. 213464-77-8) and application adjuvants ((provided for in subheading 3808.93.15).
HR 5465	S 3145	Bill should be rewritten to correct the HTSUS number, which should be 2909.30.30.
HR 5466	S 3146	Bill should be rewritten to insert the product name, "Acifluorfen-Sodium" in the bill title and text.
HR 5488	S 2462	CBP notes that administration of this provision requires that samples be submitted for CBP lab analysis to verify classification.
HR 5497	S 2477	Bill should be rewritten to cover, "Open-work warp knit fabrics (including those made on galloon knitting machines), other than those of headings 6001 to 6004, of synthetic fibers, unbleached or bleached, whose structure has bridging yarn structures in the fabric, for which origin and end of each individual bridging yarn are located on different chain yarns oriented in machine direction of the fabric." CBP notes that administration of this provision will require that samples of the product be submitted for laboratory analysis to verify classification.
HR 5503	S 2483	The bill should be rewritten to indicate the use of the product. The chemical formula indicates that the product is an ionic amino resin of the type used as a watersoluble surfactant in laundry treatment compositions. If product is an ionic amino resin of type used as a watersoluble surfactant in laundry treatment compositions, the bill should indicate so. The bill should also be rewritten to indicate whether the product is predominately by weight an acrylic resin (of heading 3906), an amino-resin (of heading 3909), or functions and is used as an ion-exchange resin (of heading 3914).
HR 5507		Bill should be rewritten to correct the HTSUS number. If the product is a drug, it should be classified in subheading 2922.19.09, HTSUS. If the product is not a drug, it should be classified in subheading 2922.19.60, HTSUS.
HR 5516		Bill should be rewritten to correct the HTSUS number, which should be 3905.29.00 for vinyl acetate copolymers (CAS No. 25609-89-6).
HR 5517		Bill should be rewritten to correct the HTSUS number, which should be 3904.40.00 for other vinyl chloride copolymers (CAS No. 28086-69-3).
HR 5518		CBP does not object to the language of this bill, provided that the merchandise is not an aqueous dispersion.
HR 5519		Bill should be rewritten to correct the HTSUS number, which should be 3904.40.00 for other vinyl chloride copolymers (CAS No. 28086-69-3).
HR 5520		Bill should be rewritten to correct the HTSUS number, which should be 3904.40.00 for other vinyl chloride copolymers (CAS No. 28086-69-3).
HR 5523	S 2912	Bill should be rewritten to describe product as, "valve type fuel injectors."
HR 5525	S 2914	Existing product description in bill provides for merchandise that may also be classified in subheading 8483.10.10, depending upon the type of engine for which it is designed. Bill should be written to specify that the product is not designed for use solely or principally with spark-ignition internal combustion piston engines or rotary engines. Suggest that the product description be rewritten, as follows: "Forged steel crankshafts, each measuring 1868 millimeters or more in length, other than for vehicles of chapter 87 and not designed for use solely or principally with spark-ignition internal combustion piston engines or rotary engines."

Bill #	Companion	Administration Technical Comment
HR 5549		Bill is not administrable as drafted, as more information is required to properly classify the product. Monoclonal antibody products are more specifically provided for in heading 3002 (antisera, etc.), rather than in heading 3913 (polysaccharides and their derivatives). Bill should be rewritten to more specifically describe the product. Bill should include the product's chemical structure, CAS number, as well as a complete chemical breakdown, by percentage weight.
HR 5594	S 2818	Bill should be rewritten to correct the product description, which should read as follows, "Woven fabric of perfluoroalkoxy (PFA) fibers, with fibers measuring 100 to 120 microns in diameter, for use in manufacturing cartridge filters designed for use solely or principally in manufacturing goods of heading 8486 (provided for in subheading 5407.71.00)."
HR 5595	S 2819	Bill should be rewritten to correct the product description, which should read as follows, "Woven fabric of perfluoroalkoxy (PFA) fibers, with fibers measuring below 100 microns in diameter, for use in manufacturing cartridge filters designed for use solely or principally in manufacturing goods of heading 8486 (provided for in subheading 5407.71.00)."
HR 5596	S 2643	Bill should be rewritten to delete "2904.10.50" and replace it with "2904.90.50". The merchandise is properly classified under subheading 2904.90.50, HTSUS.
HR 5600	S 2646	The bill is not administrable as drafted, as the product cannot be classified without knowing its primary use. The product cannot be classified without a complete breakdown of its ingredients and a description of how it is used. The information to answer the following questions would need to be provided in order to consider possible changes to the bill could be made to make it administerable: 1) If claiming a use as a catalyst, what chemical reaction is catalyzed (sped up)? 2) Does the capsule itself possess some catalytic property? 3) Is the capsule a resin polymer? If the product is used as a catalyst, classification under heading 3815, HTSUS, is incorrect.
HR 5604	S 2642	The bill should be rewritten to refer to both subheading 6806.10.00 and 6806.90.00 as the provision refers to certain insulating mineral fiber material in bulk, roll or blanket form. The current proposed provision only refers to subheading 6806.10.00, which provides for slag wool, rock wool and similar mineral wools in bulk, sheets or rolls. If the blanket form appears as a sheet or as part of a roll it might be covered by 6806.10.00; however, it is more likely that the blanket form would be covered by 6806.90.00. The provision can only be administered if samples are sent for CBP laboratory analysis to support classification. Without lab analysis of samples, CBP cannot administer this provision. In addition, in order to enable us to administer this provision, additional materials, such as advertising and marketing literature proving that the material is designed for use in pollution control devices for motor vehicles, will be required to identify goods described by this provision.
HR 5613	S 2820	Bill should be rewritten so that the subheading text indicates the intended use of the product. The subheading text should read as follows: "Cellular plastic sheets of poly-tetrafluoroethylene with retention rating of 10-30 nanometers, suitable for use in manufacturing nano retention filters of heading 8421 (provided for in subheading 3921.19.00)."
HR 5614	S 2816	Bill should be rewritten so that the description indicates that the product consists of plastic sheets of cellular construction. Also, the current description has thickness and pore size parameters for polytetrafluoroethylene, but includes all polysulfone without any restrictions other than use. Measurable parameters, capable of administration by CBP, should be indicated for the polysulfone. Please note that parameters based on distilled water flow time are not administrable. The provision should also include the use of this product as for micron retention filters.  The bill should be rewritten to read as follows: "Microcellular or microporous sheets of polytetrafluoroethylene measuring 10 microns to 140 microns thick with pore size ranging from 0.03 to 0.15 microns, or of polysulfone measuring [insert parameter] thick with pore size ranging from [insert parameter range], suitable for use in manufacturing micron retention filters of heading 8421 (provided for in subheading 3921.19.00).
HR 5621	S 2513	Bill should be rewritten to correct the chemical name, which should be "Ammonium ethyl carbamoylphosphonate."

Bill #	Companion	Administration Technical Comment
HR 5622	S 2512	Bill should be rewritten to correct the chemical name and HTSUS classification of the product. Suggest separating the two subheadings, and rewriting the provision as follows: N-((Trichloromethyl)thio)-4-cyclohexene-1,2- dicarboximide (Captan) (CAS No. 133-06-2)(provided for in subheadings 2930.90.43) or mixed with application adjuvants (provided for in subheading 3808.92.50).
HR 5639		Bill should be rewritten to correct the chemical name by removing the word "technical."
HR 5640		Bill should be rewritten to correct the chemical name by removing the word "technical."
HR 5641		Bill should be rewritten to remove the trade name "Eptam" and the word "technical" from the bill's language and new subheading 9902. Bill should be rewritten by inserting the common name "EPTC." Rewrite as follows using the IUPAC name: "S-ethyl dipropyl(thiocarbamate) (EPTC) (CAS No. 759-94-4) (provided for in subheading 2930.20.90)."
HR 5642		Bill should be rewritten to describe the product using the IUPAC name, as follows: 4-tert-butylphenethyl quinazolin-4-yl ether (Fenazaquin) (CAS No.120928-09-8) and application adjuvants (provided for in subheading 3808.91.25).
HR 5643		Bill should be rewritten by removing the trade name "Imidan" and the word "technical" from the text of the bill, and inserting the common name "Phosmet." Bill should also be rewritten to describe the product using the IUPAC name, as follows: O,O-dimethyl S-phthalimidomethyl phosphorodithioate (Phosmet) (CAS No. 732-11-6) (provided for in subheading 2930.90.10).
HR 5661		Bill should be rewritten to correct the chemical name of the product as follows: 1-Hydroxycyclohexyl phenyl ketone.
HR 5662		Bill should be rewritten to correct the chemical name of the product as follows: 2,2'-[6-(2,4-dibutoxyphenyl)-1,3,5-triazine-2,4-diyl]bis(5-butoxyphenol).
HR 5666		Bill should be rewritten to remove the word "technical" from the bill text, title, and subheading description, as not all technical chemicals are classifiable in chapter 29.
HR 5668		The bill should be rewritten to include the CAS# 446824-06-2, and the chemical name: Propanoic acid, 2-bromo-, octyl ester, branched, reaction products with 4,4,4-(1,3,5-triazine-2,4,6-triyl)tris(1,3-benzenediol).
HR 5669	HR 5670	Bill should be rewritten to correct the chemical name of the product, as follows: Decanedioic acid, bis(2,2,6,6-tetramethyl-4-piperdiny)ester. Bill should also be rewritten to correct the HTSUS number, which should be 2933.39.20. Additionally, CBP notes that HR 5777 provides for the extension of subheading 9902.12.47, HTSUS, which provides for the suspension of duty on the instant merchandise. Consequently, CBP recommends that this bill be rewritten to provide for the extension of subheading 9902.12.47, HTSUS, rather than create a new chapter 99 subheading.
HR 5681		Bill should be rewritten to extend subheading 9902.02.46, HTSUS, which currently provides for the product.
HR 5694	S 2641	Bill should be rewritten to change the product description to read "Fluoropolymers containing 95% or more by weight of any combination of all three of the following monomer units: tetrafluoroethylene, hexafluoropropylene, and vinylidene fluoride (provided for in subheading 3904.69.50)."
HR 5752		Bill should be rewritten to correct the chemical name, which should be "2-(2-Hydroxy-3',5'-di-tert-amylphenyl)benzotriazole."
HR 5753		The chemical formula and structure of the product is needed to confirm correct CAS number and HTSUS classification.
HR 5756		Bill should be rewritten to correct the HTSUS number, which should be 2933.99.79.
HR 5757		Bill should be rewritten to correct the chemical name, which should be "Pentaerythritol Tetrakis[3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate]."
HR 5758		Bill should be rewritten to correct the chemical name, which should be, "N-[1,3-bis(hydroxymethyl)-2,5-dioxo-4-imidazolidinyl]-N,N'-bis(hydroxymethyl)urea."

Bill #	Companion	Administration Technical Comment
HR 5773		Additional information is required to confirm the correct tariff classification of this product. Petitioner must confirm whether each component of the intended product possesses 5 or more repeating monomer units. If petitioner confirms that each component possesses 5 or more repeating monomer units, the bill should be rewritten to correct the HTSUS classification of the article, which should be subheading 3907.20.00, HTSUS. Furthermore, the description of the product should be amended by inserting the words, "A polymeric ultraviolet light absorber consisting of," at the beginning of the proposed subheading text.
HR 5778		Bill should be rewritten to amend subheading 9902.23.90, HTSUS, to reflect recent changes to the tariff, by deleting 2916.39.76 and replacing it with 2916.39.79.
HR 5780		Bill should be rewritten to remove the CAS number from the bill. Provided that it conforms to Chapter 72, Note 1(c) definition of a ferroalloy, Ferroboron is a ferroalloy. As a ferroalloy is not a chemical, there is no need to include the CAS number.
HR 5782	S 2581	"Portable electronic devices of a kind classified in headings 8470, 8471, 8543 and 8517" must be described in more specific detail, as the category as written is too broad. The term "book cover" is generally reserved for covers for books or book type devices, including electronic readers of heading 8543. Covers for other electronic devices, such as iPads and tablets, are not considered to be book covers, and are generally classified in the subheadings of 4202 and not in 3926.10. Covers for cell phones are not classifiable in subheading 3926.10. There are many variations of shells or covers or cases for devices such as the iPhone and iPod Touch, and these may fall in one of the subheadings of 4202 or in 3926.90.9980. Although the bill can be administered in reference to book cover style covers with an exterior surface of plastics (provided for in subheading 3926.10.00) designed for portable electronic reading devices of a kind classified in heading 8543, the description for covers for other types of devices, such as iPads and iPhones and iPod Touches, classifiable in the other headings, must be more clearly and narrowly defined. Note that although classification according to exterior surface is generally associated with heading 4202 and not heading 3926, it would not be a problem to use that factor in determining the applicability of this provision to goods of subheading 3926.10.
HR 5785	S 2584	"Portable electronic devices of a kind classified in headings 8470, 8471, 8543 and 8517" must be described in more specific detail, as the category as written is too broad. The term "book cover" is generally reserved for covers for books or book type devices, including electronic readers of heading 8543. Covers for other electronic devices, such as iPads and tablets, are not considered to be book covers, and are generally classified in the subheadings of 4202 and not in 3926.10. Covers for cell phones are not classifiable in subheading 3926.10. There are many variations of shells or covers or cases for devices such as the iPhone and iPod Touch, and these may fall in one of the subheadings of 4202 or in 3926.90.9980. Although the bill can be administered in reference to book cover style covers with an exterior surface of plastics (provided for in subheading 3926.10.00) designed for portable electronic reading devices of a kind classified in heading 8543, the description for covers for other types of devices, such as iPads and iPhones and iPod Touches, classifiable in the other headings, must be more clearly and narrowly defined. Note that although classification according to exterior surface is generally associated with heading 4202 and not heading 3926, it would not be a problem to use that factor in determining the applicability of this provision to goods of subheading 3926.10.
S 2350		Bill should be rewritten to more specifically describe the product and indicate whether the product is used as an ion-exchanger. If the product is used as an ion-exchanger, the merchandise is properly classified under subheading 3914.00.60, HTSUS. If the product is not used as an ion-exchanger, the merchandise may be classified under subheading 3913.90.20, HTSUS, which provides for polysaccharides and their derivatives.
S 2353		Bill should be rewritten to amend the chemical name of the product, as follows: 1-(1-benzyl-1H-imidazol-2-yl)-1-(2,3-dimethylphenyl) ethanol.
S 2382	HR 4874	Bill should be rewritten to insert the common name, "Thiencazabone-methyl," after the chemical name for the mixture identified by CAS No. 317815-83-1.
S 2427		Bill should be rewritten to specify that the film is in flat form, and not imported in rolls.

Bill #	Companion	Administration Technical Comment
S 2495		Bill can not be administered as it does not include a CAS number. The Administration could re-review to determine if the bill could be administered if a CAS number is provided.
S 2566		<p>This bill is not administrable. CBP is traditionally objects to actual use provisions and at the port-level, it would be difficult to determine whether a stylus is used for toys and games of heading 9503 and 9504, respectively, heading 8543 educational learning devices, or other electronic devices.</p> <p>CBP is unable to classify plastic stylus pens used with electronic education devices without physically examining the merchandise and the device with which it is used, or being presented with a detailed description of the physical characteristics of the pens and associated devices. It would be necessary to see the item with which each stylus would be used.</p> <p>CBP notes that headings 9503 and 9504 are already free of duty, making it unnecessary to include merchandise of those headings in the bill.</p>
S 2585		Bill should be rewritten to more specifically describe the product. The bill should indicate, by percentage weight, the rubber and plastic content of the intended merchandise. If the floor coverings and mats consist of over 50% rubber, or are predominantly of rubber, the merchandise is properly classified in 4016.91, HTSUS, as currently provided in the bill. However, research by CBP indicates that the intended merchandise consists of plastic. Consequently, if the floor coverings and mats of PE or EVA are in the form of rolls or tiles (including interlocking floor tiles), they are classified under subheading 3918.90.10, HTSUS. If the merchandise is in the form of mats, it would likely be classified under heading 3924.
S 2881		CBP notes that not all snow globes are classified under subheading 7013.99. Subheading 7013.99 does not apply when the globe or dome is made of a material other than glass. When the the globe or dome is made of glass and the product simply contains a three-dimensional representation of a figure or object inside the globe and there are no three dimensional representations of figures or objects outside the globe, the product is classifiable as a decorative glass article of subheading 7013.99. However, when there are three dimensional representations of figures or objects both inside and outside the globe, CBP has ruled that the product is classified based on the material which comprises the figures or objects.
S 2882		Bill is administrable as drafted. However, CBP notes that the scope of the bill is extremely broad. Because the bill only excludes globes with a festive motif (correctly classified in heading 9505) and non-acrylic globes, the bill suspends duty on all other decorative snow globes, of whatever size, including those that light up, whether operated by batteries or wired electricity. If the intent of the petitioner is to provide for a narrower class of merchandise, the bill should be rewritten to more specifically describe the merchandise.
S 2888		Bill should be rewritten to correct the HTSUS number, which should be 2904.10.32.
S 2897		CBP generally objects to the reliquidation of entries subject to antidumping duties outside of the normal administrative process.
S 2923		Bill should be rewritten to extend the duty-free treatment provided by 9902.24.79, HTSUS.
S 2928		Bill should be rewritten to include the chemical name and CAS number of the product. The description of the merchandise should be rewritten, as follows: 1-propanol,2-[1-(3,3-dimethylcyclohexyl)ethoxy]-2-methyl-, 1-propanoate (Helvetolide), CAS 141773-73-1.
S 2931		Bill should be rewritten to correct the chemical name of the product, which should be "1-(2,6,6-Trimethyl-1,3-cyclohexadienyl)-2-buten-1-one (Damascenone)."
S 2936		CBP generally objects to the reliquidation of entries subject to antidumping duties outside of the normal administrative process.

Bill #	Companion	Administration Technical Comment
S 2947		<p>As currently drafted, S. 2947 does not contain sufficient information that would allow the Administration to determine whether or not the reliquidation provision is administrable. S. 2947 does not identify the classification subheading under which the intended merchandise was originally liquidated, and the bill also fails to specify the HTS subheading under which the intended merchandise should be reliquidated. Furthermore, the reliquidated tariff rate described in the bill appears to correspond with the tariff classification of a wholly different type of merchandise, namely fiberboard-core laminate panels.</p> <p>For the Administration to be able to assess whether or not this reliquidation provision is administrable, the bill must be rewritten to specifically identify: 1) the HTSUS subheading and corresponding tariff rate under which the covered merchandise was originally liquidated; and 2) the appropriate HTSUS subheading and corresponding tariff rate under which the covered merchandise should be reliquidated. Furthermore, the "Requests" section of the bill should be amended to require that requests contain sufficient information to enable CBP, "(1) to locate the entry or reconstruct the entry if it cannot be located; and (2) to confirm that the entry contains merchandise properly classifiable at the time of entry under the reliquidated subheading." If the bill is rewritten to include the appropriate HTSUS classifications and corresponding duty-rates, and the information needed for CBP to locate and review the entry, the Administration could re-review the bill to determine if it can be administered.</p>
S 2963		Bill should be rewritten to include the complete chemical name of the product, which should be written as follows: "Acetic acid, (cyclohexyloxy)-, 2-propenyl ester (CAS 68901-15-5)."
S 2965		Bill should be rewritten to include the complete chemical name of the product, which should be written as follows: "Cyclododecane, (ethoxymethoxy)-."
S 2966		Bill should be rewritten to correct the name of the product, which should be "Allyl heptanoate." Bill should also be rewritten to include the chemical name of the product, which should be "Heptanoic acid, 2-propen-1-yl ester (Allyl heptanoate)."
S 2968		Bill should be rewritten to correct the chemical names as listed in subheading 9902.01.43, HTSUS, which should be "5-Methyl-2-(methylethyl)cyclohexyl-2-hydroxypropanoate" and "(Lactic acid, menthyl ester)."
S 2970		Bill should be rewritten to correct the description of the product, which should read as follows: "(1S,2R,5S)-2-isopropyl-5-methylcyclohexanol (D-Menthol)."
S 2974		Bill should be rewritten to correct the HTSUS number, which should be 2903.99.80. Bill should also be rewritten to correct the chemical name, which should read, "3-Methylbenzyl chloride."
S 2975		Bill should be rewritten by inserting the HTSUS number for methyl cinnamate (2916.39.21, HTSUS) in the text of the bill.
S 2976		Bill should be rewritten to correct the name of the product, which should be "Ethyl Salicylate." Bill should also be rewritten to include the chemical name of the product, which should be "Benzoic acid, 2-hydroxy-, ethyl ester."
S 2983		Bill should be rewritten to correct the name of the product, which should be "Phenylethyl Isobutyrate." Bill should also be rewritten to include the complete chemical name of the product.
S 2997		The title of the bill should be rewritten by deleting the trade name, "Majantol," and inserting the chemical name, "2,2-Dimethyl-3-(3-methylphenyl)propanol."
S 2998		Bill title should be rewritten to delete trade name, "hydrolite 5," and replace it with the chemical name, "1,2 Pentanediol," listed in 9902.11.60, HTSUS.
S 3001		Bill title should be rewritten to delete the trade name, "Agrumex," and replace it with the chemical name, "cis-2-tert-Butylcyclohexyl acetate."
S 3143		Bill should be rewritten to insert the correct HTSUS number for the product. Confectionery (including gum), containing synthetic sweetening agents (e.g., saccharin) instead of sugar, is provided for under subheading 2106.90.99, HTSUS.

Bill #	Companion	Administration Technical Comment
S 3144		Bill is not administrable, as it provides for two or more different products. Tablets, chewing gun, or patches (transdermal system), intended to assist smokers to stop smoking may be classified under three different headings. In addition, a complete ingredients breakdown, by weight for each product, is necessary to determine the proper classification of the articles.
S 3162		Bill should be rewritten to insert the phrase, "and application adjuvants," after the CAS No. Additionally, bill should be rewritten to correct the HTSUS number, which should be 3808.91.25.
