Re: House of Representatives 5323 – Letter of Support

Dear Honorable Camp:

On behalf of Conair Corporation, Mercer County is pleased to write this letter of support for our established importer and manufacturer. Situated in East Windsor, Conair has been a mainstay in our County community for over 25 years. Currently, they have employed more than 430 workers – many of whom reside in Mercer County.

In addition, they have served as an active member of our Foreign Trade Zone No. 200 for more than 10 years. As a FTZ member, Conair Corporation has demonstrated the qualities of a good corporate partner, providing our County staff with timely annual reporting information and satisfying all FTZ fees.

We would kindly recommend that Conair Corporation receive the recovery of a portion of their paid customs duties indicated in House of Representatives bill 5323.

Thank you for your consideration of this request.

Sincerely,

Brian M. Hughes
Mercer County Executive
