We are writing to advise of our opposition to granting duty suspension on C.I. Pigment Yellow 194 – CAS No.82199-12-0, HTS No.3204.17.60 as introduced in bill number HR4765.

Dominion Colour Corporation has been developing C.I. Pigment Yellow 194 – CAS No.82199-12-0, HTS No.3204.17.60 for manufacture and expects to have a commercial grade available for the marketplace in 2013.
