It is time for Congress to pass HR25, The Fair Tax!

FEB 26, 2013

For years Congress has held this Bill hostage in the House Ways and Means Committee. A day does not go by when reading the News Paper or tuning in to the TV News report one sees a story where some Representative or Senator is wringing their hands in desperation over the current wasteful failure known as the Federal Tax System. Most make statements blaming the other Party or claiming there are no Bills or solutions for them to support or bring to their Constituents.

HR25 / S22, The Fair Tax, is the solution. **THE RESEARCH HAS ALREADY BEEN DONE.** HR25 / S22 is a very simple Consumption based Tax System that includes a Prebate to make sure those living at or below the poverty level will not be penalized by Federal Taxes. This keeps HR25 / S22 from acting as a regressive tax. HR25 / S22 is not an addition to the current Federal Tax System. It totally replaces it! The Fair Tax is a simple 65 page Tax Bill that insures no loop holes for anyone while making sure everyone pays the same tax! Information and the truth about HR25 / S22 are available at www.fairtax.org.
