

To Whom It May Concern:

My pension comes from CalPers the California State Pension Org. Every month the pension is sent to my bank account in Santa Fe, New Mexico. I live in Costa Rica. For some reason they will not send my pension to my bank account in Costa Rica. This means that every month I have to wire transfer the pension from the Santa Fe Bank to my bank in Costa Rica. Every month I have to pay \$30 for this service. My total income is close to the poverty level and I do not need this extra monthly expense.

Sincerely,

John W. McClure
