Re: Duty Suspension Bill H.R. 5455

Dear Mr. Chairman:

I am writing you on the behalf of my company, Nation Ford Chemical, to oppose the granting of the duty suspension on C.I. Pigment Violet 23 (CAS No. 6358-30-1, HTS No. 3204.17.90) as introduced in bill number H.R. 5455.

Nation Ford Chemical manufactures crude C.I. Pigment Violet 23 at our site in Fort Mill, SC. Suspending the duty on this chemical would adversely affect our company's competitive advantage by reducing the cost imported, non-American made C.I Pigment Violet 23.

If you need additional information from our company, please feel free to contact me at:
