DID YOU KNOW

In 1997 the mystic named Sollog wrote the 902 Prophecy. The 902 Prophecy was posted to various Usenet groups and has been mentioned 1,000's of times since many future events have recently connected to it.

An event predicted in the 902 Prophecy was Swissair 111.

Sollog who claims the ability to predict plane crashes, such as TWA 800 actually put the date, flight number, departing city and even the death count of flight 111 in that Prophecy.

The Cinton scandal was in the prophecy as well. He also predicted the dates of 4 major acts of terrorism including the Ireland August 13th bombing and the US Embassy bombings. They all occurred on dates given in the 902 Prophecy.

Sollog says his gift of fore telling the future so accurately is due to his warning about Nukes. He says mankind is on the threshold of Nuke Terrorism. If you would like to spread Sollog's WARNING about NUKES, by donating monies to fund a large mainstream media purchase email me.

These are some of Famous Prophetic hits of the Prophet Sollog

TWA 800

Diana's Death

OK City Bombing

Hanukkah Quake

Rabin's Assassination

Mike Kennedy's death

Embassy Bombing

New Guinea Tidal Wave
