

**Description of Changes of the Chairman's Amendment in the
Nature of a Substitute to H.R. 3375
(Green Sheet)**

The Chairman's mark makes three changes to H.R. 3375: (1) it includes a technical correction to the TAA for Farmers extension language to make it consistent with existing law; (2) it extends Customs user fees to offset the \$9 million cost of the three-month extension of the TAA for Farmers program, which was not included in the Congressional Budget Office's 2008 budget baseline; and (3) it adds an October 1, 2007 effective date.
