108TH CONGRESS
2^D SESSION

H. R. _____

To extend and modify the trade benefits under the African Growth and Opportunity Act.

IN THE HOUSE OF REPRESENTATIVES

Mr. THOMAS introduced the following bill; which was referred to the Committee on _____

A BILL

To extend and modify the trade benefits under the African Growth and Opportunity Act.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “AGOA Acceleration
5 Act of 2004”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds the following:

1 (1) The African Growth and Opportunity Act
2 (in this section and section 3 referred to as “the
3 Act”) has helped to spur economic growth and bol-
4 ster economic reforms in the countries of sub-Saha-
5 ran Africa and has fostered stronger economic ties
6 between the countries of sub-Saharan Africa and the
7 United States; as a result, exports from the United
8 States to sub-Saharan Africa reached record levels
9 after the enactment of the Act, while exports from
10 sub-Saharan Africa to the United States have in-
11 creased considerably.

12 (2) The Act’s eligibility requirements have rein-
13 forced democratic values and the rule of law, and
14 have strengthened adherence to internationally rec-
15 ognized worker rights in eligible sub-Saharan Afri-
16 can countries.

17 (3) The Act has helped to bring about substan-
18 tial increases in foreign investment in sub-Saharan
19 Africa, especially in the textile and apparel sectors,
20 where tens of thousands of new jobs have been cre-
21 ated.

22 (4) As a result of the Agreement on Textiles
23 and Apparel of the World Trade Organization, under
24 which quotas maintained by WTO member countries
25 on textile and apparel products end on January 1,

1 2005, sub-Saharan Africa's textile and apparel in-
2 dustry will be severely challenged by countries whose
3 industries are more developed and have greater ca-
4 pacity, economies of scale, and better infrastructure.

5 (5) The underdeveloped physical and financial
6 infrastructure in sub-Saharan Africa continues to
7 discourage investment in the region.

8 (6) Regional integration establishes a founda-
9 tion on which sub-Saharan African countries can co-
10 ordinate and pursue policies grounded in African in-
11 terests and history to achieve sustainable develop-
12 ment.

13 (7) Expanded trade because of Act has im-
14 proved fundamental economic conditions within sub-
15 Saharan Africa. The Act has helped to create jobs
16 in the poorest region of the world, and most sub-Sa-
17 haran African countries have sought to take advan-
18 tage of the opportunities provided by the Act.

19 (8) Agricultural biotechnology holds promise for
20 helping solve global food security and human health
21 crises in Africa and, according to recent studies, has
22 made contributions to the protection of the environ-
23 ment by reducing the application of pesticides, re-
24 ducing soil erosion, and creating an environment
25 more hospitable to wildlife.

1 (9)(A) One of the greatest challenges facing Af-
2 rican countries continues to be the HIV/AIDS epi-
3 demic, which has infected as many as one out of
4 every four people in some countries, creating tre-
5 mendous social, political, and economic costs. Afri-
6 can countries need continued United States financial
7 and technical assistance to combat this epidemic.

8 (B) More awareness and involvement by govern-
9 ments are necessary. Countries like Uganda, recog-
10 nizing the threat of HIV/AIDS, have boldly attacked
11 it through a combination of education, public aware-
12 ness, enhanced medical infrastructure and resources,
13 and greater access to medical treatment. An effec-
14 tive HIV/AIDS prevention and treatment strategy
15 involves all of these steps.

16 (10) African countries continue to need trade
17 capacity assistance to establish viable economic ca-
18 pacity, a well-grounded rule of law, and efficient
19 government practices.

20 **SEC. 3. STATEMENT OF POLICY.**

21 The Congress supports—

22 (1) a continued commitment to increase trade
23 between the United States and sub-Saharan Africa
24 and increase investment in sub-Saharan Africa to
25 the benefit of workers, businesses, and farmers in

1 the United States and in sub-Saharan Africa, in-
2 cluding by developing innovative approaches to en-
3 courage development and investment in sub-Saharan
4 Africa;

5 (2) a reduction of tariff and nontariff barriers
6 and other obstacles to trade between the countries of
7 sub-Saharan Africa and the United States, with par-
8 ticular emphasis on reducing barriers to trade in
9 emerging sectors of the economy that have the
10 greatest potential for development;

11 (3) development of sub-Saharan Africa's phys-
12 ical and financial infrastructure;

13 (4) international efforts to fight HIV/AIDS,
14 malaria, tuberculosis, other infectious diseases, and
15 serious public health problems;

16 (5) many of the aims of the New Partnership
17 for African Development (NEPAD), which include—

18 (A) reducing poverty and increasing eco-
19 nomic growth;

20 (B) promoting peace, democracy, security,
21 and human rights;

22 (C) promoting African integration by deep-
23 ening linkages between African countries and
24 by accelerating Africa's economic and political
25 integration into the rest of the world;

1 (D) attracting investment, debt relief, and
2 development assistance;

3 (E) promoting trade and economic diver-
4 sification;

5 (F) broadening global market access for
6 United States and African exports;

7 (G) improving transparency, good govern-
8 ance, and political accountability;

9 (H) expanding access to social services,
10 education, and health services with a high pri-
11 ority given to addressing HIV/AIDS, malaria,
12 tuberculosis, other infectious diseases, and
13 other public health problems;

14 (I) promoting the role of women in social
15 and economic development by reinforcing edu-
16 cation and training and by assuring their par-
17 ticipation in political and economic arenas; and

18 (J) building the capacity of governments in
19 sub-Saharan Africa to set and enforce a legal
20 framework, as well as to enforce the rule of law;

21 (6) negotiation of reciprocal trade agreements
22 between the United States and sub-Saharan African
23 countries, with the overall goal of expanding trade
24 across all of sub-Saharan Africa;

1 (7) the President seeking to negotiate, with in-
2 terested eligible sub-Saharan African countries, bi-
3 lateral trade agreements that provide investment op-
4 portunities, in accordance with section 2102(b)(3) of
5 the Trade Act of 2002 (19 U.S.C. 3802(b)(3));

6 (8) efforts by the President to negotiate with
7 the member countries of the Southern African Cus-
8 toms Union in order to provide the opportunity to
9 deepen and make permanent the benefits of the Act
10 while giving the United States access to the markets
11 of these African countries for United States goods
12 and services, by reducing tariffs and non-tariff bar-
13 riers, strengthening intellectual property protection,
14 improving transparency, establishing general dispute
15 settlement mechanisms, and investor-state and state-
16 to-state dispute settlement mechanisms in invest-
17 ment;

18 (9) a comprehensive and ambitious trade agree-
19 ment with the Southern African Customs Union,
20 covering all products and sectors, in order to mature
21 the economic relationship between sub-Saharan Afri-
22 can countries and the United States and because
23 such an agreement would deepen United States eco-
24 nomic and political ties to the region, lend momen-
25 tum to United States development efforts, encourage

1 greater United States investment, and promote re-
2 gional integration and economic growth;

3 (10) regional integration among sub-Saharan
4 African countries and business partnerships between
5 United States and African firms; and

6 (11) economic diversification in sub-Saharan
7 African countries and expansion of trade beyond tex-
8 tiles and apparel.

9 **SEC. 4. SENSE OF CONGRESS ON RECIPROCITY AND RE-**
10 **GIONAL ECONOMIC INTEGRATION.**

11 It is the sense of the Congress that—

12 (1) the preferential market access opportunities
13 for eligible sub-Saharan African countries will be
14 complemented and enhanced if those countries are
15 implementing actively and fully, consistent with any
16 remaining applicable phase-in periods, their obliga-
17 tions under the World Trade Organization, including
18 obligations under the Agreement on Trade-Related
19 Aspects of Intellectual Property, the Agreement on
20 the Application of Sanitary and Phytosanitary Meas-
21 ures, and the Agreement on Trade-Related Invest-
22 ment Measures, as well as the other agreements de-
23 scribed in section 101(d) of the Uruguay Round
24 Agreements Act (19 U.S.C. 3511(d));

1 (2) eligible sub-Saharan African countries
2 should participate in and support mutual trade liber-
3 alization in ongoing negotiations under the auspices
4 of the World Trade Organization, including by mak-
5 ing reciprocal commitments with respect to improv-
6 ing market access for industrial and agricultural
7 goods, and for services, recognizing that such com-
8 mitments may need to reflect special and differential
9 treatment for developing countries;

10 (3) some of the most pernicious trade barriers
11 against exports by developing countries are the trade
12 barriers maintained by other developing countries;
13 therefore, eligible sub-Saharan African countries will
14 benefit from the reduction of trade barriers in other
15 developing countries, especially in developing coun-
16 tries that represent some of the greatest potential
17 markets for African goods and services; and

18 (4) all countries should make sanitary and
19 phytosanitary decisions on the basis of sound
20 science.

21 **SEC. 5. SENSE OF CONGRESS ON INTERPRETATION OF TEX-**

22 **TILE AND APPAREL PROVISIONS OF AGOA.**

23 It is the sense of the Congress that the executive
24 branch, particularly the Committee for the Implementa-
25 tion of Textile Agreements (CITA), the Bureau of Cus-

1 toms and Border Protection of the Department of Home-
2 land Security, and the Department of Commerce, should
3 interpret, implement, and enforce the provisions of section
4 112 of the African Growth and Opportunity Act, relating
5 to preferential treatment of textile and apparel articles,
6 broadly in order to expand trade by maximizing opportuni-
7 ties for imports of such articles from eligible sub-Saharan
8 African countries.

9 **SEC. 6. DEFINITION.**

10 In this Act, the term “eligible sub-Saharan African
11 country” means an eligible sub-Saharan African country
12 under the African Growth and Opportunity Act.

13 **SEC. 7. EXTENSION OF AFRICAN GROWTH AND OPPOR-**

7 (a) are entries of apparel articles that meet the require-

9 tunity Act (as amended by section 3108 of the Trade Act
10 of 2002 and this Act).

11 **SEC. 9. DEVELOPMENT STUDY AND CAPACITY BUILDING.**

12 (a) REPORTS.—The President shall, by not later than
13 1 year after the date of the enactment of this Act, conduct
14 a study on each eligible sub-Saharan African country,
15 that—

16 (1) identifies sectors of the economy of that
17 country with the greatest potential for growth, in-
18 cluding through export sales;

19 (2) identifies barriers, both domestically and
20 internationally, that are impeding growth in such
21 sectors; and

22 (3) makes recommendations on how the United
23 States Government and the private sector can pro-
24 vide technical assistance to that country to assist in

1 dismantling such barriers and in promoting invest-
2 ment in such sectors.

3 (b) DISSEMINATION OF INFORMATION.—The Presi-
4 dent shall disseminate information in each study con-
5 ducted under subsection (a) to the appropriate United
6 States agencies for the purpose of implementing rec-
7 ommendations on the provision of technical assistance and
8 in identifying opportunities for United States investors,
9 businesses, and farmers.

10 **SEC. 10. ACTIVITIES IN SUPPORT OF INFRASTRUCTURE TO**
11 **SUPPORT INCREASING TRADE CAPACITY AND**
12 **ECOTOURISM.**

13 (a) FINDINGS.—The Congress finds the following:

14 (1) Ecotourism, which consists of—

15 (A) responsible and sustainable travel and
16 visitation to relatively undisturbed natural areas
17 in order to enjoy and appreciate nature (and
18 any accompanying cultural features, both past
19 and present) and animals, including species
20 that are rare or endangered,

21 (B) promotion of conservation and provi-
22 sion for beneficial involvement of local popu-
23 lations, and

24 (C) visitation designed to have low negative
25 impact upon the environment,

1 is expected to expand 30 percent globally over the
2 next decade.

3 (2) Ecotourism will increase trade capacity by
4 sustaining otherwise unsustainable infrastructure,
5 such as road, port, water, energy, and telecommuni-
6 cation development.

7 (3) According to the United States Department
8 of State and the United Nations Environment Pro-
9 gramme, sustainable tourism, such as ecotourism,
10 can be an important part of the economic develop-
11 ment of a region, especially a region with natural
12 and cultural protected areas.

13 (4) Sub-Saharan Africa enjoys an international
14 comparative advantage in ecotourism because it fea-
15 tures extensive protected areas that host a variety of
16 ecosystems and traditional cultures that are major
17 attractions for nature-oriented tourism.

18 (5) National parks and reserves in sub-Saharan
19 Africa should be considered a basis for regional de-
20 velopment, involving communities living within and
21 adjacent to them and, given their strong inter-
22 national recognition, provide an advantage in
23 ecotourism marketing and promotion.

24 (6) Desert areas in sub-Saharan Africa rep-
25 resent complex ecotourism attractions, showcasing

1 natural, geological, and archaeological features, and
2 nomad and other cultures and traditions.

3 (7) Many natural zones in sub-Saharan Africa
4 cross the political borders of several countries; there-
5 fore, transboundary cooperation is fundamental for
6 all types of ecotourism development.

7 (8) The commercial viability of ecotourism is
8 enhanced when small and medium enterprises, par-
9 ticularly microenterprises, successfully engage with
10 the tourism industry in sub-Saharan Africa.

11 (9) Adequate capacity building is an essential
12 component of ecotourism development if local com-
13 munities are to be real stakeholders that can sustain
14 an equitable approach to ecotourism management.

15 (10) Ecotourism needs to generate local com-
16 munity benefits by utilizing sub-Saharan Africa's
17 natural heritage, parks, wildlife reserves, and other
18 protected areas that can play a significant role in
19 encouraging local economic development by sourcing
20 food and other locally produced resources.

21 (b) ACTION BY THE PRESIDENT.—The President
22 shall develop and implement policies to—

23 (1) encourage the development of infrastructure
24 projects that will help to increase trade capacity and

1 a sustainable ecotourism industry in eligible sub-Sa-
2 haran African countries;

3 (2) encourage and facilitate transboundary co-
4 operation among sub-Saharan African countries in
5 order to facilitate trade;

6 (3) encourage the provision of technical assist-
7 ance to eligible sub-Saharan African countries to es-
8 tablish and sustain adequate trade capacity develop-
9 ment; and

10 (4) encourage micro-, small-, and medium-sized
11 enterprises in eligible sub-Saharan African countries
12 to participate in the ecotourism industry.

13 **SEC. 11. ACTIVITIES IN SUPPORT OF TRANSPORTATION,**
14 **ENERGY, AGRICULTURE, AND TELECOMMUNI-**
15 **CATIONS INFRASTRUCTURE.**

16 (a) FINDINGS.—The Congress finds the following:

17 (1) In order to increase exports from, and trade
18 among, eligible sub-Saharan African countries,
19 transportation systems in those countries must be
20 improved to increase transport efficiencies and lower
21 transport costs.

22 (2) Vibrant economic growth requires a devel-
23 oped telecommunication and energy infrastructure.

24 (3) Sub-Saharan Africa is rich in exportable ag-
25 ricultural goods, but development of this industry re-

1 mains stymied because of an underdeveloped infra-
2 structure.

3 (b) ACTION BY THE PRESIDENT.—In order to en-
4 hance trade with Africa and to bring the benefits of trade
5 to African countries, the President shall develop and im-
6 plement policies to encourage investment in eligible sub-
7 Saharan African countries, particularly with respect to the
8 following:

9 (1) Infrastructure projects that support, in par-
10 ticular, development of land transport road and rail-
11 road networks and ports, and the continued upgrad-
12 ing and liberalization of the energy and tele-
13 communications sectors.

14 (2) The establishment and expansion of modern
15 information and communication technologies and
16 practices to improve the ability of citizens to re-
17 search and disseminate information relating to,
18 among other things, the economy, education, trade,
19 health, agriculture, the environment, and the media.

20 (3) Agriculture, particularly in processing and
21 capacity enhancement.

22 **SEC. 12. FACILITATION OF TRANSPORTATION.**

23 In order to facilitate and increase trade flows between
24 eligible sub-Saharan African countries and the United
25 States, the President shall foster improved port-to-port

1 and airport-to-airport relationships. These relationships
2 should facilitate—

3 (1) increased coordination between customs
4 services at ports and airports in the United States
5 and such countries in order to reduce time in tran-
6 sit;

7 (2) interaction between customs and technical
8 staff from ports and airports in the United States
9 and such countries in order to increase efficiency
10 and safety procedures and protocols relating to
11 trade;

12 (3) coordination between chambers of com-
13 merce, freight forwarders, customs brokers, and oth-
14 ers involved in consolidating and moving freight; and

15 (4) trade through air service between airports
16 in the United States and such countries by increas-
17 ing frequency and capacity.

18 **SEC. 13. AGRICULTURAL TECHNICAL ASSISTANCE.**

19 (a) IDENTIFICATION OF COUNTRIES.—The President
20 shall identify not fewer than 10 eligible sub-Saharan Afri-
21 can countries as having the greatest potential to increase
