- B.  Does the tariff relief specified in this Miscellaneous Tariff Bill benefit downstream producers, manufacturers, purchasers, and consumers?

Yes, this eco-friendly product is set at 99 cents industry-wide; a price point that has encouraged consumers to buy into the reusable shopping bag concept. It is increasingly clear that the U.S. public has an appetite for "green" alternatives to their daily activities. Switching to reusable/recyclable shopping bags is one of the easiest and most effective ways that an individual can reduce their environmental footprint.

**Part III: Financial Benefit Certification**

I hereby certify that neither myself nor my spouse has a financial interest in any entity named in Part II.A above.
