Title of Hearing

Tax Reform and Consumption-Based Tax Systems

Democratic members of your committee, in particular, appear predisposed to dismiss the FairTax as too costly or damaging to their constituents. I would like to draw your attention to the tables in a new blog titled "What You Will Actually Pay Under the FairTax" (<http://whatyoupayunderfairtax.blogspot.com/>).

If you wish, I can make these tables available to the committee in xcel, pdf or jpeg formats.

Thank you.
