RE: Written Comments on Tariff Bill H.R. 4492  
MCPB Acid and MCPB Sodium Salt

To Whom It May Concern:

By and through its undersigned attorneys, Nufarm Americas, Inc. respectfully submits the following written comments in support of H.R. 4492, to extend temporarily the suspension of duty on MCPB Acid and MCPB Sodium Salt.

MCPB Acid and MCPB Sodium Salt are selective systemic herbicides in the phenoxy family. They are used for the control of Canada thistle in peas. MCPB Acid and MCPB Sodium Salt are important products for both the herbicide and farming industries in the United States.

2 MCPB Acid and MCPB Sodium Salt are not produced in the United States. Absent any domestic competing product, it is unnecessary to impose a duty on imports of these products, which duty would then have to be passed on to U.S. consumers. Because of this, MCPB Acid and MCPB Sodium Salt are already the subject of a temporary duty suspension under the United States Manufacturing Enhancement Act of 2010. This relief expires at the end of 2012; accordingly, Nufarm urges that H.R. 4492 be included in the 2012 Miscellaneous Tariff Bill.

H.R. 4492 is a tariff relief provision; it is not an earmark. Any company importing MCPB Acid and MCPB Sodium Salt will benefit directly from the relief provided, as will downstream agricultural consumers who will benefit indirectly from the reduced cost.

Respectfully submitted,

JOEL R. JUNKER & ASSOCIATES
