Washington, DC 20515

RE: Miscellaneous Trade Bill

Dear Chairman Camp:

I am writing to express my opposition to H.R. 4820, legislation which would temporarily suspend the 4.9 percent duty on imports of certain single-driver sound isolating earphones.

Sony Electronics Inc. manufactures a similar product which would be harmed by passage of this legislation, providing an unfair financial benefit to competitors.

Thank you in advance for your assistance.

Sincerely,

Michael T. Williams  
Executive Vice President and General Counsel  
Sony Electronics Inc.
