RE: Opposition to HR 5535

Dear Chairman Camp and Ranking Member Levin:

Milliken & Company is a highly diversified manufacturer of apparel and industrial fabric, floorcoverings and chemicals -- headquartered in Spartanburg, South Carolina.

I write to oppose HR 5535 (Warp knit fabrics, including those made on galloon knitting machines, other than those of headings 6001 to 6004: Of synthetic fibers: Dyed - provided for in subheading 6005.32.00) sponsored by Congressman Young of Indiana, because it would grant duty relief to fabrics currently made in the United States.

Milliken's Specialty Fabrics Division employs more than two thousand associates in South Carolina and Georgia who knit cotton and man-made fiber fabrics, covered by this bill's description, for the apparel and industrial markets.

Products under HR 5535, described above, compete directly with our products and thus we urge you to reject this provision from the final Miscellaneous Tariff Bill.

Thank you for the opportunity to comment on HR 5535.

Sincerely,

Katherine M. Dutilh  
Manager, Government Relations
