

SUBJECT: Wiggy's withdrawing opposition to HRs 4973, 4974 & 4975

Dear,

After speaking with Exxel CEO Harry Kazazian and actually receiving samples of the products to be covered by HRs 4973, 4974 & 4975 for the MTB process, I am officially withdrawing my opposition to all three bills.

I have determined that these shells and carry cases are not products that Wiggy's uses in our sleeping bags, but these are rather for opening price-point, mass market bags, and thus will not harm Wiggy's in any way.

Further, I give my permission for you to post this email in the "public comments" on the House Ways & Means MTB website for HRs 4973, 4974 & 4975.

Warm regards,

Jerry
