

Congressman Dave Camp
Ways and Means Chairman
February 9, 2013

Dear Chairman Camp,

I understand that on Feb 14, 2013 the Ways and Means Committee is having a hearing on tax reform and itemized charitable contributions.

For over 20 years, The FairTax has been developed, fine-tuned, studied, and written about. It is not a concept that has been hurriedly thrown together in time for an election. The founders of The FairTax have contributed much time and treasure to see fairness reign in this country when it comes to taxation. In my opinion, they rank right up alongside Thomas Jefferson, George Washington, Ben Franklin, John Adams, and other great figures in the history of this nation. I represent Middle America, one who is being crushed by taxes and watching sadly as fiscal irresponsibility and reckless debt plagues our nation.

Under the FairTax, wage earners bring home their entire paycheck. The entire nation will pay a sales tax, a revenue neutral tax that will come not just from the hard working wage earners, but from organized crime, tourists, illegal aliens, and those who have avoided paying taxes in other ways. (Everyone has to buy toilet paper.) The first \$20,000 is “untaxed” so that the poorest will not be harmed. On top of this, another perk, simply because wage earners will have the funds freed up, charitable giving can occur to a greater degree.

Please, if you have ANY questions on The FairTax, and have not been able to read the incredible book by Neal Boortz, “The FairTax Book”, please contact Cynthia T. Canevaro, the current National Campaign Manager for Americans for Fair Taxation. The FairTax homepage at <http://www.fairtax.org/site/PageServer?pagename=homepage2> lists the address as PO Box 27487; Houston, TX 77227-7487; phone 713-963-9023 or fax 713-963-8403. I am sure you will receive a wonderful reception, as they would love an opportunity to answer and questions you may have. Thank you for your time,

Sincerely,
Mrs. Deborah J Kuzdal
