

*I, Susan Steinhauser, a proud American living in Coconut Creek, Florida respectfully urge Congress to extend the wind energy production tax credit (PTC) as quickly as possible.*

*Since it is imperative that the United States 1) reduce its dependence on oil and 2) return to a state of economic growth, it seems obvious that the PTC must be extended. The PTC drives billions of dollars in private investment in homegrown American wind power each year. Increasing the amount of power that our country gets from clean, homegrown, affordable resources is an excellent thing for us to do – and this tax credit provides an incentive for the wind industry to continue to do just that.*

*I urge the committee to take up an extension of the wind energy production tax credit right away.*

*Respectfully yours,*

*Susan Steinhauser*
