“(4) Treatment of Insufficient Information.—Except as otherwise provided by the Secretary—

“(A) if a taxpayer is not described in subparagraph (A), (B), or (C) of paragraph (1) with respect to any calendar month, the monthly advance child payment with respect to such taxpayer for such calendar month shall be treated as zero unless the Secretary determines that the Secretary can make the estimate described in subsection (b) on the basis of infor-

(1) IN GENERAL.—A normalization method of accounting shall not be treated as being used with respect to any public utility property for purposes of section 167 or 168 of the Internal Revenue Code of 1986 if the taxpayer, in computing its cost of service for ratemaking purposes and reflecting operating results in its regulated books of account, reduces the tax reserve deficit less rapidly or to a lesser extent
than such reserve would be reduced under the average rate assumption method.

(2) ALTERNATIVE METHOD FOR CERTAIN TAXPAYERS.—If, as of the first day of the taxable year that includes the date of enactment of this Act—

(A) the taxpayer was required by a regulatory agency to compute depreciation for public utility property on the basis of an average life or composite rate method, and

(B) the taxpayer’s books and underlying records did not contain the vintage account data necessary to apply the average rate assumption method,

the taxpayer will be treated as using a normalization method of accounting if, with respect to such jurisdiction, the taxpayer uses the alternative method for public utility property that is subject to the regulatory authority of that jurisdiction.

(3) DEFINITIONS.—For purposes of this subsection—

(A) TAX RESERVE DEFICIT.—The term “tax reserve deficit” means the excess of—

(i) the amount which would be the balance in the reserve for deferred taxes (as described in section 168(i)(9)(A)(ii) of

(ii) the balance in such reserve as of the day before such corporate rate increases take effect.

(B) AVERAGE RATE ASSUMPTION METHOD.—The average rate assumption method is the method under which the excess in the reserve for deferred taxes is reduced over the remaining lives of the property as used in its regulated books of account which gave rise to the reserve for deferred taxes. Under such method, if timing differences for the property reverse, the amount of the adjustment to the reserve for the deferred taxes is calculated by multiplying—

(i) the ratio of the aggregate deferred taxes for the property to the aggregate
timing differences for the property as of
the beginning of the period in question, by

(ii) the amount of the timing dif-
fferences which reverse during such period.

(C) ALTERNATIVE METHOD.—The “alter-
native method” is the method in which the taxa-
payer—

(i) computes the tax reserve deficit on
all public utility property included in the
plant account on the basis of the weighted
average life or composite rate used to com-
pute depreciation for regulatory purposes,
and

(ii) reduces the tax reserve deficit rat-
ably over the remaining regulatory life of
the property.

(4) TREATMENT OF NORMALIZATION VIOLA-
tion.—If, for any taxable year ending after the date
of the enactment of this Act, the taxpayer does not
use a normalization method of accounting, such tax-
payer shall not be treated as using a normalization
method of accounting for purposes of subsections
(f)(2) and (i)(9)(C) of section 168 of the Internal
(5) Regulations.—The Secretary of the Treasury, or the Secretary’s designee, shall issue such regulations or other guidance as may be necessary or appropriate to carry out this subsection, including regulations or other guidance to provide appropriate coordination between this subsection, section 13001(d) of Public Law 115-97, and section 203(e) of the Tax Reform Act of 1986.

“(3) AVERAGE INTERNATIONAL MARKET PRICE DEFINED.—

“(A) IN GENERAL.—The terms ‘average international market price’ and ‘AIM price’ mean, with respect to a drug, the average price (which shall be the net average price, if practicable, and volume-weighted, if practicable) for a unit (as defined in paragraph (4)) of the drug for sales of such drug (calculated across different dosage forms and strengths of the drug and not based on the specific formulation or package size or package type), as computed (as
of the date of publication of such drug as a selected drug under section 1192(a)) in all countries described in clause (ii) of subparagraph (B) that are applicable countries (as described in clause (i) of such subparagraph) with respect to such drug.

```
SEC. 1192. SELECTION OF NEGOTIATION-ELIGIBLE DRUGS AS SELECTED DRUGS.

(a) IN GENERAL.—Not later than the selected drug publication date with respect to an initial price applicability year, subject to subsection (h), the Secretary shall select and publish in the Federal Register a list of—

```

(1)(A) with respect to an initial price applicability year during 2025, at least 25 negotiation-eligible drugs described in subparagraphs (A) and (B), but not subparagraph (C), of subsection (d)(1) (or, with respect to an initial price applicability year during such period beginning after 2025, the maximum number (if such number is less than 25) of such negotiation-eligible drugs for the year) with respect to such year; and

```

(B) with respect to an initial price applicability year during 2026 or a subsequent year, at least 50 negotiation-eligible drugs described in subparagraphs (A) and (B), but not subparagraph (C), of subsection (d)(1) (or, with respect to an initial price applicability year during such period, the maximum number (if such number is less than 50) of
such negotiation-eligible drugs for the year) with respect to such year;

“(2) all negotiation-eligible drugs described in subparagraph (C) of such subsection with respect to such year; and

“(3) all new-entrant negotiation-eligible drugs (as defined in subsection (g)(1)) with respect to such year.

Each drug published on the list pursuant to the previous sentence shall be subject to the negotiation process under section 1194 for the voluntary negotiation period with respect to such initial price applicability year (and the renegotiation process under such section as applicable for any subsequent year during the applicable price applicability period). In applying this subsection, any negotiation-eligible drug that is selected under this subsection for an initial price applicability year shall not count toward the required minimum amount of drugs to be selected under paragraph (1) for any subsequent year, including such a drug so selected that is subject to renegotiation under section 1194.

“(b) SELECTION OF DRUGS.—In carrying out subsection (a)(1) the Secretary shall select for inclusion on the published list described in subsection (a) with respect to a price applicability period, the negotiation-eligible
drugs that the Secretary projects will result in the greatest
savings to the Federal Government or fair price eligible
individuals during the price applicability period. In making
this projection of savings for drugs for which there is an
AIM price for a price applicability period, the savings shall
be projected across different dosage forms and strengths
of the drugs and not based on the specific formulation or
package size or package type of the drugs, taking into con-
sideration both the volume of drugs for which payment
is made, to the extent such data is available, and the
amount by which the net price for the drugs exceeds the
AIM price for the drugs.

“(c) SELECTED DRUG.—For purposes of this part,
each drug included on the list published under subsection
(a) with respect to an initial price applicability year shall
be referred to as a ‘selected drug’ with respect to such
year and each subsequent plan year beginning before the
first plan year beginning after the date on which the Sec-
retary determines two or more drug products—

“(1) are approved or licensed (as applicable)—

“(A) under section 505(j) of the Federal
Food, Drug, and Cosmetic Act using such drug

as the listed drug; or
“(B) under section 351(k) of the Public Health Service Act using such drug as the reference product; and

“(2) continue to be marketed.

“(d) Negotiation-Eligible Drug.—

“(1) In general.—For purposes of this part, the term ‘negotiation-eligible drug’ means, with respect to the selected drug publication date with respect to an initial price applicability year, a qualifying single source drug, as defined in subsection (e), that meets any of the following criteria:

“(A) Covered Part D Drugs.—The drug is among the 125 covered part D drugs (as defined in section 1860D–2(e)) for which there was an estimated greatest net spending under parts C and D of title XVIII, as determined by the Secretary, during the most recent plan year prior to such drug publication date for which data are available.

“(B) Other Drugs.—The drug is among the 125 drugs for which there was an estimated greatest net spending in the United States (including the 50 States, the District of Columbia, and the territories of the United States), as determined by the Secretary, during the most re-
cent plan year prior to such drug publication date for which data are available.

“(C) INSULIN.—The drug is a qualifying single source drug described in subsection (e)(3).

“(2) CLARIFICATION.—In determining whether a qualifying single source drug satisfies any of the criteria described in paragraph (1), the Secretary shall, to the extent practicable, use data that is aggregated across dosage forms and strengths of the drug and not based on the specific formulation or package size or package type of the drug.

“(3) PUBLICATION.—Not later than the selected drug publication date with respect to an initial price applicability year, the Secretary shall publish in the Federal Register a list of negotiation-eligible drugs with respect to such selected drug publication date.

“(e) QUALIFYING SINGLE SOURCE DRUG.—For purposes of this part, the term ‘qualifying single source drug’ means any of the following:

“(1) DRUG PRODUCTS.—A drug that—

“(A) is approved under section 505(e) of the Federal Food, Drug, and Cosmetic Act and
continues to be marketed pursuant to such ap-
approval; and

“(B) is not the listed drug for any drug
that is approved and continues to be marketed
under section 505(j) of such Act.

“(2) BIOLOGICAL PRODUCTS.—A biological
product that—

“(A) is licensed under section 351(a) of
the Public Health Service Act, including any
product that has been deemed to be licensed
under section 351 of such Act pursuant to sec-
tion 7002(e)(4) of the Biologics Price Competi-
tion and Innovation Act of 2009, and continues
to be marketed under section 351 of such Act;
and

“(B) is not the reference product for any
biological product that is licensed and continues
to be marketed under section 351(k) of such
Act.

“(3) INSULIN PRODUCT.—Notwithstanding
paragraphs (1) and (2), any insulin product that is
approved under subsection (c) or (j) of section 505
of the Federal Food, Drug, and Cosmetic Act or li-
censed under subsection (a) or (k) of section 351 of
the Public Health Service Act and continues to be
marketed under such section 505 or 351, including any insulin product that has been deemed to be licensed under section 351(a) of the Public Health Service Act pursuant to section 7002(e)(4) of the Biologics Price Competition and Innovation Act of 2009 and continues to be marketed pursuant to such licensure.

For purposes of applying paragraphs (1) and (2), a drug or biological product that is marketed by the same sponsor or manufacturer (or an affiliate thereof or a cross-licensed producer or distributor) as the listed drug or reference product described in such respective paragraph shall not be taken into consideration.

“(f) INFORMATION ON INTERNATIONAL DRUG PRICES.—For purposes of determining which negotiation-eligible drugs to select under subsection (a) and, in the case of such drugs that are selected drugs, to determine the maximum fair price for such a drug and whether such maximum fair price should be renegotiated under section 1194, the Secretary shall use data relating to the AIM price with respect to such drug as available or provided to the Secretary and shall on an ongoing basis request from manufacturers of selected drugs information on the AIM price of such a drug.
“(g) NEW-ENTRANT NEGOTIATION-ELIGIBLE DRUGS.—

“(1) IN GENERAL.—For purposes of this part, the term ‘new-entrant negotiation-eligible drug’ means, with respect to the selected drug publication date with respect to an initial price applicability year, a qualifying single source drug—

“(A) that is first approved or licensed, as described in paragraph (1), (2), or (3) of subsection (e), as applicable, during the year preceding such selected drug publication date; and

“(B) that the Secretary determines under paragraph (2) is likely to be included as a negotiation-eligible drug with respect to the subsequent selected drug publication date.

“(2) DETERMINATION.—In the case of a qualifying single source drug that meets the criteria described in subparagraph (A) of paragraph (1), with respect to an initial price applicability year, if the wholesale acquisition cost at which such drug is first marketed in the United States is equal to or greater than the median household income (as determined according to the most recent data collected by the United States Census Bureau), the Secretary shall determine before the selected drug publication date
with respect to the initial price applicability year, if
the drug is likely to be included as a negotiation-eli-
gible drug with respect to the subsequent selected
drug publication date, based on the projected spend-
ing under title XVIII or in the United States on
such drug. For purposes of this paragraph the term
‘United States’ includes the 50 States, the District
of Columbia, and the territories of the United
States.

“(h) CONFLICT OF INTEREST.—

“(1) IN GENERAL.—In the case the Inspector
General of the Department of Health and Human
Services determines the Secretary has a conflict,

the individual described in paragraph (3) shall carry
out the duties of the Secretary under this part, with
respect to a negotiation-eligible drug, that would
otherwise be such a conflict.

described in subsection (b)(2)(iv) of such sec-
tion)) on the date of the selected drug publication date, with respect the price applicability year (as applicable);

“(B) a personal or business relationship (as described in section 2635.502 of such title) on the date of the selected drug publication date, with respect the price applicability year;

“(C) employment by a manufacturer of a negotiation-eligible drug during the preceding 10-year period beginning on the date of the selected drug publication date, with respect to each price applicability year; and

“(D) any other matter the General Counsel determines appropriate.

“(3) INDIVIDUAL DESCRIBED.—An individual described in this paragraph is—

“(A) the highest-ranking officer or employee of the Department of Health and Human Services (as determined by the organizational chart of the Department) that does not have a conflict under this subsection; and

“(B) is nominated by the President and confirmed by the Senate with respect to the position.
“SEC. 1193. MANUFACTURER AGREEMENTS.

“(2) the Secretary and the manufacturer shall,
in accordance with a process and during a period
specified by the Secretary pursuant to rulemaking,
renegotiate (and, by not later than the last date of
such period and in accordance with subsection (c),
agree to) the maximum fair price for such drug if
the Secretary determines that there is a material
change in any of the factors described in section
1194(d) relating to the drug, including changes in
the AIM price for such drug, in order to provide ac-

ccess to such maximum fair price (as so renegoti-
ated)—

“(A) to fair price eligible individuals who
with respect to such drug are described in sub-
paragraph (A) of section 1191(c)(1) and are

to such selected drug; and

“(B) to hospitals, physicians, and other
providers of services and suppliers with respect

“(4) the manufacturer, subject to subsection

ation process) under this part, including infor-
mation described in section 1192(f) and section
1194(d)(1); and

“(B) on an ongoing basis, information on
changes in prices for such drug that would af-
flect the AIM price for such drug or otherwise
provide a basis for renegotiation of the maximum fair price for such drug pursuant to paragraph (2);

“(5) the manufacturer agrees that in the case the selected drug of a manufacturer is a drug described in subsection (c), the manufacturer will, in accordance with such subsection, make any payment required under such subsection with respect to such drug; and

“(6) the manufacturer complies with requirements imposed by the Secretary for purposes of administering the program, including with respect to the duties described in section 1196.

“(b) AGREEMENT IN EFFECT UNTIL DRUG IS NO LONGER A SELECTED DRUG.—An agreement entered into under this section shall be effective, with respect to a drug, until such drug is no longer considered a selected drug under section 1192(c).

“(c) SPECIAL RULE FOR CERTAIN SELECTED DRUGS WITHOUT AIM PRICE.—

“(1) In general.—In the case of a selected drug for which there is no AIM price available with respect to the initial price applicability year for such drug and for which an AIM price becomes available beginning with respect to a subsequent plan year
during the price applicability period for such drug, if the Secretary determines that the amount described in paragraph (2)(A) for a unit of such drug is greater than the amount described in paragraph (2)(B) for a unit of such drug, then by not later than one year after the date of such determination, the manufacturer of such selected drug shall pay to the Treasury an amount equal to the product of—

“(B) the number of units of such drug sold in the United States, including the 50 States, the District of Columbia, and the territories of the United States, during the period described in paragraph (2)(B).

“(2) AMOUNTS DESCRIBED.—

“(A) WEIGHTED AVERAGE PRICE BEFORE AIM PRICE AVAILABLE.—For purposes of paragraph (1), the amount described in this subparagraph for a selected drug described in such paragraph, is the amount equal to the weighted average manufacturer price (as defined in section 1927(k)(1)) for such dosage strength and
form for the drug during the period beginning
with the first plan year for which the drug is
included on the list of negotiation-eligible drugs
published under section 1192(d) and ending
with the last plan year during the price applica-
bility period for such drug with respect to which
there is no AIM price available for such drug.

“(B) AMOUNT MULTIPLIER AFTER AIM
PRICE AVAILABLE.—For purposes of paragraph
(1), the amount described in this subparagraph
for a selected drug described in such paragraph,
is the amount equal to 200 percent of the AIM

plan year during the price applicability period
for such drug with respect to which there is an
AIM price available for such drug.

“(d) CONFIDENTIALITY OF INFORMATION.—Infor-

The Secretary shall verify, to the extent practicable, such sales from appropriate officials of the government of the foreign country involved.

“(f) COMPLIANCE WITH REQUIREMENTS FOR ADMINISTRATION OF PROGRAM.—Each manufacturer with an agreement in effect under this section shall comply with requirements imposed by the Secretary or a third party with a contract under section 1196(c)(1), as applicable, for purposes of administering the program.

“SEC. 1194. NEGOTIATION AND RENEGOTIATION PROCESS.

“(a) IN GENERAL.—For purposes of this part, under an agreement under section 1193 between the Secretary and a manufacturer of a selected drug, with respect to
the period for which such agreement is in effect and in accordance with subsections (b) and (e), the Secretary and the manufacturer—

“(1) shall during the voluntary negotiation period with respect to the initial price applicability year for such drug, in accordance with this section, negotiate a maximum fair price for such drug for the purpose described in section 1193(a)(1); and

“(2) as applicable pursuant to section 1193(a)(2) and in accordance with the process specified pursuant to such section, renegotiate such maximum fair price for such drug for the purpose described in such section.

“(b) NEGOTIATING METHODOLOGY AND OBJECTIVE.—

“(1) IN GENERAL.—The Secretary shall develop and use a consistent methodology for negotiations under subsection (a) that, in accordance with paragraph (2) and subject to paragraph (3), achieves the lowest maximum fair price for each selected drug while appropriately rewarding innovation.

“(2) PRIORITIZING FACTORS.—In considering the factors described in subsection (d) in negotiating (and, as applicable, renegotiating) the maximum fair price for a selected drug, the Secretary shall, to the
extent practicable, consider all of the available fac-
tors listed but shall prioritize the following factors:

“(A) Research and Development Costs.—The factor described in paragraph (1)(A) of subsection (d).

“(B) Market Data.—The factor described in paragraph (1)(B) of such subsection.

“(C) Unit Costs of Production and Distribution.—The factor described in para-

“(D) Comparison to Existing Therapeutic Alternatives.—The factor described in paragraph (2)(A) of such subsection.

“(3) Requirement.—

“(A) In General.—In negotiating the maximum fair price of a selected drug, with re-

sp ect to an initial price applicability year for the selected drug, and, as applicable, in renego-
tiating the maximum fair price for such drug, with respect to a subsequent year during the price applicability period for such drug, in the case that the manufacturer of the selected drug offers under the negotiation or renegotiation, as applicable, a price for such drug that is not more than the target price described in sub-
paragraph (B) for such drug for the respective year, the Secretary shall agree under such negotiation or renegotiation, respectively, to such offered price as the maximum fair price.

“(B) TARGET PRICE.—

“(i) IN GENERAL.—Subject to clause (ii), the target price described in this subparagraph for a selected drug with respect to a year, is the average price (which shall be the net average price, if practicable, and volume-weighted, if practicable) for a unit of such drug for sales of such drug, as computed (across different dosage forms and strengths of the drug and not based on the specific formulation or package size or package type of the drug) in the applicable country described in section 1191(c)(3)(B) with respect to such drug that, with respect to such year, has the lowest average price for such drug as compared to the average prices (as so computed) of such drug with respect to such year in the other applicable countries described in such section with respect to such drug.
“(ii) Selected drugs without AIM price.—In applying this paragraph in the case of negotiating the maximum fair price of a selected drug for which there is no AIM price available with respect to the initial price applicability year for such drug, or, as applicable, renegotiating the maximum fair price for such drug with respect to a subsequent year during the price applicability period for such drug before the first plan year for which there is an AIM price available for such drug, the target price described in this subparagraph for such drug and respective year is the amount that is 80 percent of the average manufacturer price (as defined in section 1927(k)(1)) for such drug and year.

“(c) Limitation.—

“(1) In general.—Subject to paragraph (2), the maximum fair price negotiated (including as renegotiated) under this section for a selected drug, with respect to each plan year during a price applicability period for such drug, shall not exceed 120 percent of the AIM price applicable to such drug with respect to such year.
“(2) Selected drugs without AIM price.—

In the case of a selected drug for which there is no AIM price available with respect to the initial price applicability year for such drug, for each plan year during the price applicability period before the first plan year for which there is an AIM price available for such drug, the maximum fair price negotiated (including as renegotiated) under this section for the selected drug shall not exceed the amount equal to 85 percent of the average manufacturer price for the drug with respect to such year.

“(d) Considerations.—For purposes of negotiating and, as applicable, renegotiating (including for purposes of determining whether to renegotiate) the maximum fair price of a selected drug under this part with the manufacturer of the drug, the Secretary, consistent with subsection (b)(2), shall take into consideration the factors described in paragraphs (1), (2), (3), and (5), and may take into consideration the factor described in paragraph (4):

“(1) Manufacturer-specific information.—The following information, including as submitted by the manufacturer:

“(A) Research and development costs of the manufacturer for the drug and the extent to
which the manufacturer has recouped research
and development costs.

grams and purchasers and projected future rev-
enues for the drug.

“(C) Unit costs of production and distribu-

“(D) Prior Federal financial support for
novel therapeutic discovery and development
with respect to the drug.

“(E) Data on patents and on existing and
pending exclusivity for the drug.

“(G) Information on clinical trials for the
drug in the United States or in applicable coun-
tries described in section 1191(c)(3)(B).

“(2) INFORMATION ON ALTERNATIVE PROD-

resents a therapeutic advance as compared to
existing therapeutic alternatives and, to the ex-
tent such information is available, the costs of
such existing therapeutic alternatives.
“(B) Information on approval by the Food and Drug Administration of alternative drug products.

“(C) Information on comparative effectiveness analysis for such products, taking into consideration the effects of such products on specific populations, such as individuals with disabilities, the elderly, terminally ill, children, and other patient populations.

In considering information described in subparagraph (C), the Secretary shall not use evidence or findings from comparative clinical effectiveness research in a manner that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill.
