CHAIRMAN JASON SMITH

The One, Big, Beautiful Bill *Makes America Win Again*

WHAT IT DOES – Ends Democrats' Green Corporate Welfare

- Repeals and phases out every green corporate welfare subsidy in the Democrats' Inflation Act.
- Stops Democrats' slush fund of revenue to China.
- Ends tax preferences for green virtue signaling on luxury autos and home improvements.

HOW IT DOES IT

- **Immediately eliminates** the tax credits for luxury electric vehicles.
- **Terminates government subsidies** of green home improvement projects and rooftop solar.
- **Ends taxpayer subsidies** for new luxury home developers.
- **Ends the Democrats' permanent tax credits for wind and solar**, garnering immediate savings as investments dry up and credits transition out.
- **Ends China's** ability to claim green energy tax incentives with strong FEOC restrictions.
- **Ensures that American advanced manufacturing supply chains** are **not** subject to the control of the Chinese Communist Party.
- **Eliminates big businesses'** ability to engage in **woke PR campaigns** to facilitate refundability for green energy projects.
- **Ensures American farmers are not crowded out by Chinese cooking oil** and other foreign imports in liquid fuel production markets.
- **Shuts down new credits** for hydrogen production created in the Democrats' Inflation Act.

Additional Key Reforms

- **Ends the taxation** of suppressors.
- **Fights duplicative payments** in the Earned Income Tax Credit.
- **Revokes tax-exempt status** for nonprofits that materially support terrorism.
- **Doubles the jail time** for leaks of confidential taxpayer information.
- **Shuts down the Covid-era Employee Retention Tax Credit** program riddled with fraud.
- **Ends the IRS Direct File Program** so the IRS is no longer tax preparer, filer, and auditor.
- **Unleashes the power of Artificial Intelligence** to fight improper payments at HHS.
